

Affidavit & Bond for Garnishment,
Administrators' Deeds.

THE NUGGET.

DAHLONEGA, APRIL 5, 1901.

Entered at the Dahlonega, Ga., P. O.
as Second Class Matter.

The cities where Mrs. Nation
cut such high shillies voted for bars.

Beaumont, Texas, now has three
gishing oil mills, the third one
was struck a few days ago.

The new United States Steel
corporation will have \$160,000 em-
ployes on its pay roll, and will pay
them half a million dollars daily.

More than five hundred presch-
ers are after the 23 new chaplains
in the army, which carry, the
rank of captain and a salary of
\$2,000 a year.

Blizzards which have been rag-
ing in several of the northwestern
states during the past few days
have been very severe, and thousands
of cattle have died from the effects
of the cold.

Now that General Funston has
captured Aguinaldo, the Philippine
leader, he will have to also be king
of by the ladies when he comes
round and presented with a silver
pitcher or walking cane.

The small pox board of health
composed of Dr. H. A. Rogers,
I. J. Stamper and W. S. Mangham,
J. P., who are endeavoring to keep
the disease under control. All
should assist them in every con-
ceivable way and every precaution
should be exercised by each and
every citizen to prevent the
spread of the disease. Polk Coun-
ty, Tenn., News.

Bustles are being worn by ladies
again. When recently started
were about the size of an ear
of corn. Now they are larger, and
will continue to increase in size
until the authorities have ordi-
nances against them being worn in
churches or theaters similar to
large hats, else the benches and
pews will have to be made broader
on a lump added to them to hold
each ladies bustle like that of
box cars made for gralls.

Peruna is a wonderful liquid. It
never fails to get in its work when
used as an antitoxin. Often where
you find one of the empty bottles
you will find a man also, lying
side by side. Last Saturday morn-
ing, while passing through the
square very early, we discovered
one of these empty Peruna bottles
alone which surprised us very
much. We looked around a little
for its companion but failed to find
him anywhere, causing us to come
away wondering how it was that
he was fortunate enough to make
his escape.

The director of the United States
mint reports that the amount of
gold produced by Georgia for 1899
to be \$5,995,092 ounces, and the
amount made in Lumpkin and
adjoining counties is as follows:
Lumpkin 1,489,092 ounces, Union
7,758, Dawson 189,002, Hall 177-
797, White 892,824. Cherokee
county leads with her 1,757,900
ounces while Lumpkin is the next
highest. The production of gold
was much larger in this county
last year and in all probability it
heads the list now. Really much
of the gold credited to Hall coun-
ty was dug out of Lumpkin and
traded in Gainesville by the min-
ers.

"There is something radically
wrong with the principal of a sys-
tem of taxation which allows a
county or municipality to receive
more public money than its citi-
zens and property owners pay in
taxes." The foregoing is from
the Dahlonega Signal. Lumpkin
county is among this number and
the editor of that paper ought to
be able to understand it. In the
first place this county has as many
if not more pensioners of this
county, of its size, in the state.
Then there is the public school
money and the several thousand
dollars received annually for the
N. G. A. College. And the tax-
able property is small on account
of having no railroad facilities to
increase it. Let us have a railroad
and the scale will turn.

Dahlonega's Bright Future.

With the advancement of the
20th century will bring forth in
the near future a great "Boom"
an era of prosperity to Dahlonega.
Then all will see that the work
of the magician who, by the touch
of his hand can cause flowers to
bloom from an empty glass will
pale before that finer and more
magical touch which will cause
this city to spring forth as a full
ledged mining camp.

For more than 50 years has
Lumpkin county continued to pro-
duce the yellow metal in a legiti-
mate way. The following mines
with others (that are in operation
at present) go to prove that
gold is still produced with success-
ful results in Georgia: The Cal-
houn, Turkey Hills, Betz, Findley,
the three dredge boats, Franklin,
Low, Klondyke, Tallapoosa, El-
der, Kingsbury, etc.

When the companies and corpora-
tions, such as the Crown Mount-
ain Consolidated, Briars Patch,
New Bridge, Hyd. Mining Com-
pany, British Georgia, the Georgia
Dredging Co., the Hicks Gold and
Silver Extraction Co., and others
get into operation, kind reader,
then you will open your eyes and
behold a vast multitude of people
extracting the precious metal in a
legitimate way.

No wonder there is a charm in
seeking gold, for the gold in the
mountains of Lumpkin county is
eternal with wealth that causes
fluctuating value, the gain of which
enriches all and robs none save
nature.

The railroad proposition and ex-
citement is an old one to the citi-
zens of Lumpkin county. Before
the talk has been like a pipe's
dream rising like the morning and
perishing like a mushroom.

But now the foundation of a
railroad is built upon rock and
will know no down fall. See
Dahlonega as the springs forth.
And watch her gold mines and rail-
road both.

Field Day at N. G. A. College.

Notwithstanding the very disagree-
able weather, a good sized crowd of
people attended the Field Day exer-
cises of the N. G. A. College on the
drill Monday last, and manifested much
interest in the performance.
The program was opened with a sa-
lute of 25 guns, one for each year of
the history of the college, fired by a
detachment of the artillery branch of
the college battalion. Lieut. J. C.
Barnes was in charge and the work
was done with almost perfect precision.
Prof. B. C. Ansted, Prof. C. W. Stead
and Rev. A. F. O'Kelley served as
judges of the athletic exercises, all of
which was unusually good considering
that some of the participants had been
in training.

The following is the list of exercises,
the winners, the records, the prizes and
the donors of the prizes:

Running hop step and jump: first, J.
H. Byers, 35 feet, 4 inches, pair cuff
buttons, J. F. Moore. Second, J. J.
Ridgeway, 34 feet, 10 inches, 2 pic-
tures, G. D. Bruce.

Running broad jump: first, W. F.
Thorne, 15 feet, 3 inches, silk handker-
chief, F. F. Reese. Second, J. H. By-
ers, 14 feet, 11 inches, box of stationery,
Prof. Galliard.

Hundred yards dash: first, G. S.
Jackson, time 10 seconds, scarf pin, B.
Readers & Sons. Second, S. C. Ed-
monson, 2 pictures, G. D. Bruce.

Three legged race: first, A. C. Thom-
as and Howard Stanton, necktie, J. H.
McKee and E. E. Crisson. Second, J.
H. Byers and J. M. Magnien, socks, W.
P. Price, Jr. and Mr. Hightower.

Standing hopstep and jump: first,
S. C. Edmonson, 26 feet, 2 inches, cravat,
G. C. Wallace. Second, J. J. Rich-
ards, 26 feet, 1 inch, can of apples,
Marlow's restaurant.

Tag-of-war: Companies A and C, gal-
led and Co. A won. The Co. A and
B pulled and Co. D won, first, suspen-
ders, J. M. Rickess. Second, watch
chain, W. B. Townsend.

Sack race: first, W. F. Thorne, neck-
tie, E. S. Copeland. Second, A. Byers,
bracket, Col. W. P. Price.

Wheelbarrow race: first, A. Byers,
one dollar's worth of drinks, W. E.
Matthews. Second, J. H. Byers, pair
cuff buttons, G. H. Mettine.

Running high jump: first, A. C.
Thomas, 48 inches, knife, W. H. Jones.
Second, W. T. Townsend, 47 inches,
box stationery, Prof. Ansted.

Monthly race: first, G. S. Jackson,
suspenders, Anderson & Jones, Second,
W. T. Farrar, bottle of extract, Dr.
Jones.

Revolver contest, limited to the lady
college students: first Miss Cora Wheel-
chel, 11 out of possible 15 points, box
candy, P. E. Castleberry. Second, Miss

Marie Galliard, 10 points out of possi-
ble 15, bottle of extract, Prof. Vickery.
Standing broad jump: first, J. M.
Maynard, book, Prof. Boyd. Second,
J. J. Richards, 50 cents worth of any
thing in store, H. D. Gurley.
Standing high jump: first, N. M.
Grant, book, Prof. Stead. Second, A.
C. Thomas, 8 bottles, bottles, H. S.
Moore.

Potato race: first, G. S. Jackson,
necktie, Col. J. H. Moore. Second, W.
F. Thomas, book, "Side Lights of His-
tory," Prof. Colvin.

It is said that liquor was sold on
the public square last Saturday
night out of a tin buckets, causing
many to get quite mellow right
away.

Bob Cole and John Brown, of
Ducktown, were fined one dollar
each and cost by Mayor Price last
Saturday for having taken on most
too much moonshine the night pre-
vious.

An ordinance was introduced
last Wednesday to make it a pen-
alty for no store nor restaurant to
sell anything on Sunday. This
license drug stores, desiring to do
so, to increase their trade. Drug
stores have no more right to sell
anything but medicine on Sunday
than any one else.

CITY TAX NOTICE.

Notice is hereby given that the city
tax book will be opened the 10th inst.,
and closed the 10th of May. Banks
can be filed but and left with either of
us. G. McGUIRE,
T. F. JACKSON,
Tax Assessors.

Georgia Lumpkin County.

To Sells Simmons, Katie Montgomery,
Lizzie Davis, Nancy Simmons,
Benjamin Simmons, Samantha Land-
rum, Martha Pliner and D. T. Sim-
mons.

Miller Davis and John Montgomery
having applied, as executors, for prob-
ate in solemn form of the last will
and testament of John Simmons, late
of said county, you, as heirs at law of
said John Simmons, are hereby re-
quired to appear at the court of ordi-
nary for said county on the first Monday
in May, next, when said application
will be heard to show cause, if any
you have, why said will should not be
probated in solemn form and admitted
to record. This April 1st, 1901.
JOHN HERR, Ordinary.

CITATION.

State of Georgia, Lumpkin County.
Whereas, certain petitioners have
made their application to this court
praying for an order granting the es-
tablishment of a new road, commencing
at or near the intersection of the "Black
Mountain" road near the residence of
Wm. Lane, and running by Yahola
post office, W. H. Bickel and A. E.
Jacksons, and intersecting with the
"Grassy Gap" road near the Paupers
Home of said county; and, whereas,
considering that for that purpose
have reviewed and marked out
said contemplated road, and reported to
me that said road will be of much
public utility and convenience, now this
is to cite and admonish all persons that
on and after the 6th day of May, 1901,
and now road will be granted, if no
cause is shown to the contrary.

Given under my hand and seal this
24 day of April, 1901.
JOHN HERR, Ordinary
of Lumpkin county.

YOUR TRADE SOLICITED.

Old Jim, J. F. Moore's delivery
wagon horse April fooled every-
body here last Monday by tumbling
away, pulling the wagon over the
driver, striking it against a tree
which put the vehicle in bad con-
dition.

The interests of certain lots of
land in this county owned by the
Williams Rutherford estate were
sold last Tuesday at execution sale.
One interest was purchased by
Samuel Rutherford, of Forsyth,
Ga., and the other by J. N. Lon-
don, of New Bridge.

There will be a meeting of the
Dahlonega Camp, "Confederate
Veterans," held in the court house,
on Tuesday the 10th of April, 1901.
A full attendance is earnestly de-
sired, as business of importance
will be transacted. By order of
F. M. WILLIAMS,
Commander.

SPRING Goods-Low PRICES.

Part of the large line of Spring
Clothing just received and remain-
der will be in right away. Call and
see them. No such goods and prices
can be shown you in any other
house in the city.

Beautiful line of little
boys silk vest suits, up to
date in styles and prices.

An elegant line of White Goods
in Dimities, India Linens, Persian
Lawn. Also the new summer
dress goods in Patricia lace stripe,
Tissue Antique, and etc. Nothing
to equal our line of Laces and Em-
broidery, from 1 cent yard up. Al-
so Insertions and Footing in plain
and dotted.

Silk waists in patterns of four
yards in the new Stripe and Plain
Taffetas, from 50c to 75c per yard.
Also all the new shades in flannels
and light weight cashmere in polka
dot, Pearl buttons in tinted shades
to match goods. Gift buttons in
all sizes, plain and Roman finish.
Also the gold braids for trimming.

THE NUGGET.

DAHLONEGA, APRIL 5, 1901.

Dahlonega has splendid schools. Business still continues good in Dahlonega.

Matthews Sarsapilla, full pint bottle for 25c.

Capt. R. R. Asbury, of White county, was in the city last Friday and reported everything as usual in his county—quiet and prosperous.

B. R. Meaders and his son Frank have recently returned from South Georgia and gone into the livery business. Look out for ad. next week.

J. F. Moore's spring goods are in ready for the trade, which are complete in every respect. Never was there a prettier line of dry goods brought to Dahlonega. Call and examine them.

On Wednesday of last week Miss Ethel, a daughter of Mr. D. T. Harris, formerly of Dahlonega, now of Murrayville, was wedded to Mr. Charlie Bell, of Florida, who used to attend the N. G. A. College.

The other day a son of Sheriff Davis accidentally struck the hammer of his gun against something, causing the gun to discharge and the lead to strike his yearling's head, shooting its eye out. Boys, and even older persons, can't be too cautious while handling guns or pistols.

Sheriff Davis was sick and laid up a long time for repairs, but is all right now and he can run faster and jump higher than ever before. The other day he got after John Brown, of Ducktown, who was wanted by City Marshal Harbison for boisterous conduct while on a spree, who shed his overcoat, threw down his hat and jumped two high fences and captured his man in due time.

Week before last a man dropped his bottle of liquor on the public square. The following week a white woman let her skirt slide from her clutches on to one of the principal side walks, and in a few nights afterwards a twelve or fourteen year old boy appeared in the city so drunk that he could scarcely go. These bad examples set by grown people are often followed by some of more tender years.

Up to first of this week the revenue moonshiners from Lumpkin county were disposed of as follows by Judge Newman: Wm. Waters, Dave Perkle, W. T. Howell, F. F. Fowler, Jim Cochran, Wm. Ayers and Wm. Hester all 4 months each and one hundred dollars fine. West Ravan's months, Tom Turner, J. A. R. Roberts, M. Cochran 6 and each a fine of \$100. The cases against Henry Seabolt, Lafayette Chester and Brock Eldred were not pressed. All the others having cases set for trial either had them discontinued or forfeited.

Some of the moonshiners of the mountains dread to face Judge Newman. Last week three from Dawson county failing to get their cases continued forfeited their bonds and started back home in a wagon, getting as far as Norcross before being overtaken. One saw the officers coming in time to make a good leg bond. The others were carried back and tried—one of them being acquitted. This one knew that he was guilty but the court was unable to prove it. Vige Parks, of Lumpkin county, who has had a case so long on the docket that his name has become dim with old age, "came up missing" again. He sent in a certificate but the Judge had grown weary and ordered his arrest at once. We do not know whether any effort has been made to arrest him yet or not as Deputy Marshal Grizzle knows that it is a good time for Virgo to be out squirrel hunting. Ex-Deputy Marshal Harbison has been to Atlanta nine different times on this case. His witness fees alone amounting to over fifty dollars.

Try Matthews Co's Cough syrup for your cough.

A gentleman was here last week proposing to give \$5,000 to the railroad from Dahlonega if built to Lula.

The Dahlonega postoffice is now a salaried office, beginning so last Monday, with no change in postmaster so far.

One negro in Dahlonega owns eleven dogs. This means eleven dollars in the councils treasury if he keeps them.

Tax Receiver Stargis is still very sick, growing worse. He has appointed Rev. J. J. Shed as his clerk to make the first round.

Subscribers at a distant are requested to note the dates on their paper and renew when their time is out if desiring to read the Nugget longer.

The discovery of the Findley chute has been the center of attraction for the past two weeks, attracting the attention of people everywhere.

It cost Harve Hutson \$5.00 to attend the colored meeting at the Baptist church last Sunday night. Being under the influence of liquor explains it.

Geo. P. Estes, of Gainesville, kindly remembered the Dahlonega Baptist church last week by presenting it with a dozen beautiful chairs for the use of the choir.

A certain countryman lost nearly a half day's time the other day waiting for Col. Baker to come to his office. This loss of time was caused by the party not being a subscriber to the Nugget.

Notwithstanding the Temperance Union in Dahlonega is making slow progress it meets regularly every month. The regular meeting takes place Sunday evening next. For many months past every time this society met some one would get drunk in the city while the meeting was in progress. Let us all keep sober next Sunday night so as to encourage the earnest workers in this cause.

Tom Fry, of Ducktown, was bound over to the Superior Court of Lumpkin county by Esquire W. J. Worley, last Saturday, charged with an assault with intent to rape and placed in jail in default of a three hundred dollar bond. Warrant sworn out by Mrs. Julie Townsend, who swore that he visited her house down at Wimpy's mill the night previous in the absence of her husband who was at work in the mines. She said that he came at 8 o'clock and remained until nearly day, acting very badly the whole time, being drunk and making many threats. He broke out a window light, poured out a pitcher of milk and carried away her lamp and lantern leaving the woman and her two little children in the dark. The defendant confessed to being there till 11 o'clock and doing the other mischief but denied the charge alleged in the warrant. Any way it will have to be passed upon by a higher court. He made bond Sunday.

Representative Bruce and jeweler McGuire had more fun than any persons in town last Monday by inviting in at least a dozen of their friends, one at a time, to take a social drink with them, each and every one not knowing that he had sweetened water with salt until getting it to his lips, one being so dry and thirsty for liquor that he took a big swallow before he realized that it was the first day of April. We will not tell the preachers that they all belonged to either the Baptist or Methodist church but one, for one of the party was so particular that he didn't want any outsider to see him drink, who accepted an invitation to be present in half an hour, who was promptly on hand and took as big a drink of salt water as any of the former parties. It was right amusing to see them stir their salt and prepare the toddy and pour from the bottle a big drink, the stopper of which had been soaked in corn liquor just enough to give it the proper scent.

H. H. Thomas has closed out his market.

See the various legal ads. in this issue.

The use of the paint brush has made many nice changes here.

We guess the reason there is so much drinking here on Saturday nights and Sundays it is the most leisure time some people have.

One of the colored bars in Dahlonega has a "dum" cart to supply it with liquor, keeping the carrier on the road most all the time.

The hog pen ordinance—that is requiring them to be kept in a pen not less than the sixteenth of an acre—went into effect last Monday.

If you desire your letter of requests for the Nugget to receive prompt attention send along the money. We have not learned to live on the wind yet.

Mr. Henderson is still on the railroad survey from Dahlonega to Gainesville via London. Others will be made and the most practicable route used.

L. S. Larrabee of Detroit, Mich., dropped into see us while in the city last Wednesday. For some time Mr. Larrabee has been engaged in mining in White county. He has native miners employed, running a ten stamp mill, and is making money.

Lumpkin county's finance committee commenced examining the various county officers books last Monday. It is composed of F. M. Williams, Joseph Allen and Mr. West. The latter gentleman has moved away since his appointment, leaving only two to do the work.

If next Sunday is a rainy day and prevents those having Easter suits from donning them and appearing in public it will almost make some of them think that the Lord is unfriendly towards them. As to ourselves we care not whether it rains or shines, or turns cold just so long as we are not killed. We don't propose to make any display.

On Saturday night there was much drinking, shooting and a dance all going on at the same time, causing strangers to first think that the Wild West show was here. Nothing like it has occurred in Dahlonega before—not even when we had three or four bars and everybody were permitted to discharge firearms at will. The next day at the church minister Rogers scored them on all sides—going and coming.

In a few more weeks big May meetings will begin and preachers will attend these revivals—go home with some of the brethren to be fed on pound cake and yellow-legged chickens from a table covered with all kinds of goodies, while the poor little children are kept in the kitchen sopping out the pot with a piece of corn bread, occasionally having a fight over a chickens wing. It is a joyful occasion for ministers but hard on the little ones.

The other night when some of the boys rang the school bell Clerk John Moore, thinking that it was an alarm for fire, was long in dressing and out. When finding that it was a false alarm John returned home and in getting ready to retire again discovering that he had only got one pants leg on while the other flopped to first one side and then the other, causing the excited man to resemble some one rigged up for a fantastic ball.

Last Saturday morning about 3 o'clock some mischievous person aroused many of our citizens by ringing the graded school bell, greatly alarming several sick ladies, some of them helpless, thinking that it was fire. We never have been opposed to boys enjoying themselves by having a little fun, but an act of this kind is, as Jess Riley used to say, "clear outside of the book," and those guilty of such conduct will come to a bad end—one of these days if they don't make a change.

Hon. W. H. McAfee spent several days in Atlanta last week.

Oh, those little clocks at J. F. Moore's are beauties. From 65 cents up.

Half pint can sewing machine oil for 10c at The Matthews Drug Company.

This is the 3rd inst., and it is cold with plenty of snow on the Blue Ridge.

If you want either a two horse or four horse wagon call on M. J. Williams.

Uncle Tom Strieger, an old citizen of this county, died Wednesday last.

The Matthews Drug Co. have their soda font in and the drinks are delicious.

Westley Beasley, of Crumby's district, has a little child sick with scarlet fever.

Ex-Tax Collector Sargent made a final settlement with the state and county this week.

The leaves of apple trees here are just commenced peeping out from their winter quarters.

Prof. Stewart has just returned from Atlanta where he has been in the interest of the college.

Collector Berdstrong, of Athens, Ga., paid Dahlonega a visit last week. While here he went up to Jones Creek and destroyed one illicit distillery and visited another but it had been pulled from the furnace before he reached the place and carried off.

When that married man and young woman ended their buggy ride last Sunday it was certainly a joyous separation. They didn't kiss but the man pulled out his bottle and they both took a drink of corn liquor together just before reaching town. Oh how juicy.

The following is the temperance program for next Sunday night: Congregational music conducted by Miss Maggie Crisson. Scripture reading by Rev. Wallace Rogers. Prayer by Rev. O'Kelley. Song conducted by Mrs. Charters. Recitation by Miss Eliza McAfee. Effects of alcohol on the system by Prof. Gaillard. Song conducted by Mrs. Aiken.

W. B. Woodward, the senior editor of the Signal, and Frank McDonald took a moonlight ride together last Saturday and while returning to the city the buggy jumped the track and struck the college fence, smashing one of the wheels and otherwise disfiguring the vehicle, causing the party to make the rest of their pleasure trip a foot leading the horse.

The sheriff and his deputy, of Fannin county, came over and got Harris Postell who is wanted over there for stealing clothing. He also has a case against him in this county for the same offense, but if he is convicted in Fannin it will likely be a long time before he comes this way again. He delights in stealing, having been following the business for some time, and not long ago even stole his brother-in-laws hat.

A fight occurred down at the Crown Mountain mill one day last week by Charlie Anderson, colored, and Will Satterfield, a son of Jess Satterfield, two hands employed by the company, resulting in the negro hitting the young white man with two rocks on the side of the head. Anderson was discharged, who left for his home in the country at once and has not been seen here since, for fear that the city marshal might wish to interview him.

Last week Mr. and Mrs. Benedict, who have been in charge of the college dormitory for some time, left for their former home. Some time ago the school boys located at the dormitory fell out with Mr. Benedict and left it one by one until the building was entirely vacated by them, and it was not to the interest of the gentleman and his wife to remain here any longer. Who will take charge of the dormitory or how it will be managed hereafter, we do not know.

Mining Notes.

The Singleton mill on the Standard property, will soon start up. R. W. Walker has been notified by his company to resume work at the Lumpkin mine.

At the annual meeting of the Standard Co. here Wednesday all the old officers were re-elected.

The Ashley mining boat is giving good results, and work is being pushed forward on another one for the Chestate river.

Mr. Maxwell is engaged in taking out several more tons of ore from the Capps and Bowen property for another mill test. This time it will be crushed on a different mill to that used before so as to give the property a fair test.

The twenty tons of ore being taken out down at the Barlow mine from the Doghead vein belonging to the Consolidated Co., for a test by the Hix process is excellent, showing quantities of gold. If parties could come here and see it there would be no shipping it so far for a test, for it shows for itself.

The rich Whim Hill vein, near Auraria, belonging to Christian Wahl, of Milwaukee, Wis., has been struck. It is large and worth about \$50 per ton. This well known property used to belong to Hockenbuhl, who made a large amount of money from it. The vein has not been molested since the war. There was no fuse when this mine was worked.

Wharton Anderson, manager of the Calhoun mine, was registered at the Dahlonega Hotel last Sunday. It is the only chance that Mr. Anderson has to visit as he is busy during the week in taking the yellow metal from this celebrated property, amounting to many hundred pennysworths every month, which is run into a brick and shipped to the mint at Philadelphia, where it is coined and put into circulation.

Fate Johnson and Billy Riley, two native miners, not long ago opened up a vein on the Fishtap property, belonging to the Consolidated Co., worth more than one hundred dollars per ton—that being milled made nearly this much and of course not near all was saved. This company own thousands of acres of valuable property in the gold belt which will pay big dividends when proper operations begin.

When the wind strikes Dahlonega from a southern direction the little stamp mill on Turkey Hill, belonging to Mr. Packard, can be heard constantly running. It is unnecessary for us to say that its owner is not operating it for pleasure. Mr. Packard secures the services of practical miners and does his own bossing, telling them to go ahead and do their duty by working to his interest. In this way they not only benefit themselves and their employer but help to develop and build up their native country.

The great rich Findley chute is attracting wide spread attention. People are coming many miles to see it, being the first time it has been struck in fourteen years. It is certainly rich. Some of the ore is held together by the gold. Mr. Witt brought in less than half a peck of quartz last Wednesday containing several hundred pennysworths. He has a number of feet the vein stripped, showing great quantities of gold. No doubt before another week passes he will take out several thousand pennysworths of the metal, and before his lease expires—less than 3 months—make a fortune. The property belongs to the Consolidated Co.

Arrangements are being made by the Consolidated Co. to keep the Findley mill running when Messrs. Witt and Campbell's lease expires which is less than three months. This is a wise step, provided some practical miner acquainted with the property is put in charge. There are thousands of tons of good milling ore—much of it in sight—on the property which can be handled cheaply and will produce much gold if men are put in charge who understand saving

it. But if this is not done it will be better to let the property lie idle than to go to the expense of digging out the ore and running the gold off into the creek unless they owned the mining boat below.

The Crown Mountain Company are feeling good over the great strike in the Findley as the rich gold bearing galena occurring in this chute in all probability runs through their property which is principally located along the Findley ridge, running in a north-east-south west direction along the gold belt. Whatever extensions of the chute that are in Findley ridge will be cut into and opened up by their giants when they get to operating them, which time we are told will be in the near future. The power line to the pumping station is being pushed through and will soon connect the electric motor which drives the pump to the big dynamo at Seabolt Shoals.

It was told to us last Saturday that some of the Ducktown miners here were going to make an effort to organize and keep any negroes from being employed in the mines. They have been successful in this at the Tennessee copper mines where many hundred hands are employed, but we don't believe it will work here. We would advise our citizens not to go into it. This is your home and your wife and children are dependent upon you for a support. Capitalists are somewhat tenderfooted about investing in mining property any way, and just as sure as you go to dictating and meddling with their business in this manner they will close down their operations and you will be out of a job. Mark our predictions.

The chief claim of the Crown Mountain Co. to the confidence of its stockholders is the publicity given its internal affairs. Frankness and candor of statement have marked the policy of its management from the beginning. The utter absence of concealment and arrogance of manner is evidence also of the absence of double dealing and chicanery. We have been authoritatively informed that the promoters of this Company will receive no interest therein for their labors until the plant now under construction is in successful operation. In other words compensation will be withheld from promoters until dividends fall into the hands of stockholders. This wise arrangement was made by Judge Murray before he deeded Crown Mountain to the Company. It was a precaution taken at the out set to assure him as well as the public that stockholders would not be worked for the enrichment of promoters but rather that the mines would be worked by the promoters for the profit of the stockholders. The economical, substantial and scientific methods that characterize the entire work of development, forestall all the objections of exacting stockholders and critical investors. No money has been expended except where absolutely necessary. The management has purchased the best mining and electrical machinery the world can furnish and is now housing it in substantial structures of Georgia pine costing only \$9.00 per thousand feet. Ample means have been forth coming to provide all works of unquestioned utility but not one dollar has been spent for ostentatious display or extravagant experiments. Wisely profiting by the experience of others, the Co. has not adopted foreign methods of mining but rather those methods which have been approved by the experience of all the successful mine operators of the south. The promises of the promoters are being fulfilled by the construction of the most practical and largest gold producing plant in Georgia. The residents of the Dahlonega district hail the completion of this great enterprise as the real inauguration of intelligent modern mining in the south.

Speaking of youthful offenders, a Kansas City justice says: "I have had nine boys publicly whipped with a rawhide by their lawful guardians. Not one of them has ever been back in court for an offense, and everyone of the nine is now leading an exemplary life. On the other hand, boys I sent to jail six years ago for petit larceny are now men serving terms in the penitentiary for serious crimes." The justice concludes that a jail sentence transforms a hoodlum into a hero,—to other hoodlums, of course,—and in jail he acquires new knowledge of vice, so that he is better prepared and more determined, when he comes out, to follow criminal courses. But the boy who is whipped is ridiculed and disowned by his "gang," and there is nothing for him to do but to be good! and go to work!—Youth's Companion.

Cought a Breadfit Cold.

Marion Heike, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits. For sale by The Matthew's drug store."

THE Crown Mountain Gold Mining & Milling Co.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonega district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continues mining operations and the indisputable guarantee of the permanent increasing value of the stock of "The Crown Mountain Co."

The projectors of this company were the first to revive the mining interest in this district in 1896. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonega and vicinity have taken stock in this company than have in all the other companies combined that have organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directory is for the most part composed of men who have had much experience in the mining enterprises, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe. The capitalization of the company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other justly celebrated mines in the district, but the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Until further notice of advance in prices, the stock of this company will be sold at the minimum rate of 50.00 per share. For further information apply to J. P. or J. H. Moore, Dahlonega, Ga., or Donovin & McCabe, 10 & 12 West Spring Street, Columbus, Ohio, or Gen. Warner, Marietta, Ohio.

Mr. Schwab, the president of the new steel company, who receives a million-dollars salary, says he attributes his success to his great love for his work. A million-dollar salary is calculated to cause a man to become very much attached to his work.—Ex.

Mr. Eimert Crowder, of Dinwiddie county, Virginia, kept \$64,500 locked up in his desk. It represented the savings of a lifetime, and he was afraid to trust it to a bank. It has just been stolen, and there is no trace of the thief.

An exchange tells of a novel plan adopted by an English hostess to secure funds for a charity in which she was interested. She gave a dance introduction in the cotton an auction figure. In this the favors were for sale. A table was spread with them, from which selections were made. After the choice the purchaser found the price affixed on the reverse side. This might be a penny or a pound the limit of cost, and was set without any regard to the apparent value of the article to which it was attached. The most trifling article perhaps had the topmost mark; and vice versa, making choice so far as price was concerned pure chance.

The Best blood Purifier.

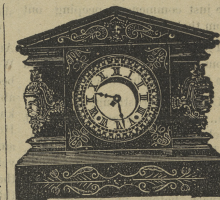

The blood is constantly purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of these will do more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at The Matthew's drug store.

"The south needs nothing, not even cotton mills, more than it does good roads," says the Albany Ga. Herald. "With the latter secured others blessings will follow fast." All of which is true. With good roads in Georgia one half of the teams employed could do twice the work that is accomplished. The saving on the transportation of the cotton crop alone would amount to thousands and thousands of dollars every year. The counties and towns that are first to build good road systems will be the first to get rich.—Savannah News.

The Philadelphia Record tells a story of a hen with one leg that was in the habit of following its mistress, a kindhearted Irishwoman wherever she went. The Irishwoman died the other day, and the faithful fowl hopped on one leg alongside the funeral procession two miles to the Baptist Church, and dropped dead on the church steps. Some said it died of a broken heart, others thought that the great exertion of hopping so far on one leg and small amount of food it had eaten caused the vital exhaus-

tion. At any rate, kindly hands buried it just outside the church fence, by the roadside.

Men climb the hill of life like small boys pulling their sleds after them, and go down hill like the boys with the sleds under them.

"The Southern Railway is about to let contracts for building 2,400 freight cars," said Mr. C. W. Prosser, of Birmingham, representing a company of car builders in that city.

SEVEN RUNNING SORES CURED

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE. JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered: It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring, time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Nervousness of life, new strength follow its faithful use. It makes the weak strong; and the old young again. It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAIN with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing but the different structure of the body, but many times the bones are honey-combed and destroyed. It often seizes the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then passable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA

Byron, Mich., October 31, 1894.

Williams, Davis, Brooks & Co., Detroit: Gentlemen—In April last I began with JOHNSTON'S SARSAPARILLA for Blood Poison, caused by an amputation of one of my arms. I had SEVEN RUNNING SORES on my legs. I used two bottles and was entirely cured. I know it is what cured me. Yours truly, C. W. LUTHER. MICHIGAN DRUG COMPANY, DETROIT, MICH. Union Store Co., Dahlonega, Ga.

APPLICATION FOR CHARTER.

GEORGIA—Lumpkin County.
To the Secretary of the State of Georgia.
The petition of J. F. Moore, W. A. Charles, W. J. Worley, H. D. Gurley and L. B. Baker, residents of Dahlonega, Lumpkin county, Georgia, and H. H. Dean, Z. T. Castleberry, D. E. Evans, Howard Thompson and M. C. Brown, residents of Gainesville, Hall county, Georgia, shew:

(1) That they desire to form a Railroad corporation to be known as "Gainesville and Dahlonega Electric Railway Company."
(2) The Railroad of said Company is to be about twenty-five miles in length; the general direction of said road will be from Dahlonega in a southeasterly direction to Gainesville, Georgia, with an extension running from Gainesville, Georgia, to the site of what is known as the "Chest Mills" and to New Holland, in said county of Hall.

(3) The said road will run through Hall and Lumpkin counties, Georgia, and from the principal places from which and to which it is to be constructed is Dahlonega, Georgia, and Gainesville, Georgia.

(4) The amount of the proposed capital stock of said Company is five hundred thousand (\$500,000) dollars to be divided into shares of one hundred (\$100) dollars each, all of the said capital stock to consist of common stock.
(5) The number of years this corporation is to continue is one hundred and one.

(6) The place where the principal office is to be located, is Dahlonega, Georgia, with such branch offices as the stockholders may from time to time elect to establish.

(7) Petitioners do intend in good faith to go forward, without delay, to secure subscriptions to the capital stock, and to construct, equip, maintain and operate said railroad.

Wherefore they pray that they be incorporated, together with their associates and successors, under the laws of this State and they show that they have given four weeks notice of their intention to apply for charter by publication of this petition in the Dahlonega Nugget and Dahlonega Signal and Gainesville Eagle, being the newspapers in which short notice advertisements are published for said counties respectively, once a week for four weeks before the filing of this petition.
This March 20th, 1901.

APPLICATION FOR CHARTER.

GEORGIA—Lumpkin County.
To the Superior Court of said County:

The petition of A. J. Warner, of Marietta, Ohio, W. A. Carlisle, of Marietta, Ohio, and J. F. Moore, of said county of Lumpkin, respectfully shew:

1. That they desire for themselves, their associates, successors and assigns to become incorporated under the name and style of

"NORTH GEORGIA ELECTRIC COMPANY."
2. The term for which they desire to be incorporated is twenty years with the privilege of renewal at the end of that time.

3. The capital stock of the corporation is to be fifty thousand dollars divided in to shares of one hundred dollars each, and petitioners desire the right to increase said capital stock to a sum not exceeding two hundred and fifty thousand dollars.

4. They desire the right to commence business when ten per cent of the capital stock shall have been subscribed and actually paid in.

5. The object of the proposed corporation is pecuniary profit and gain to its stockholders; and petitioners desire that said corporation be invested with power to do a general electric business, to construct the building and equipping of electric railroads and station railways, to establish and maintain electric plants, to sell and furnish electric light and electric power to municipal and private corporations, and to the public at large; to establish and maintain water works for the purpose of selling and supplying municipal and persons with water for manufacturing purposes, to buy and sell electric supplies, equipments and utensils; to carry on the business of a contractor and to do construction work in the building of railroads, factories, mills and other works; to buy and sell merchandise and to exercise the usual powers and to do all usual, necessary or proper acts which pertain to or may be connected with the business of a construction company.

6. They desire the right to contract for, lease, buy and hold such real estate as may be useful or proper, in the conduct of their business; and to sell, lease, mortgage or otherwise dispose of or encumber the same; to issue bonds, notes or other evidences of indebtedness as the interests of the corporation may require.

7. They desire as such corporation to have the right to and be sued to; to have and use a common seal; to make and prescribe such regulations and by-laws for its government as may be useful or proper and not contrary to law; to constitute and elect a Board of Directors and such officers as are usual and as may be prescribed by such by-laws; and they further desire all powers and privileges which may be conferred upon and are incident to corporations of said state of Georgia which by law are chartered by the Superior Court.

8. The principal office of said corporation shall be at Dahlonega, Georgia; and petitioners desire the right to establish and maintain such branch offices as the stockholders of said corporation may elect to establish.

Wherefore petitioners pray to be made a body corporate under the name and style aforesaid and that a charter be granted them conferring the rights, privileges and powers herein set forth.

Petitioners Attorneys,
Filed in office March 25, 1901.
J. F. MOORE, C. S. C.

GEORGIA—Lumpkin County:
J. F. Moore, Clerk of the Superior Court for said county, do hereby certify that the foregoing copy of the original petition for incorporation of "North Georgia Electric Company," as the same appears of file in said office.

Witness my official signature this March 25, 1901.

Watch Night Services.

The watch night services at the Methodist church on the last night of the year of the nineteenth century was as interesting as appropriate. As this occasion will be long remembered by those present, it is fitting that an account of it should appear in the Nugget at even this late date.

The congregation was called to order at 9:30 p. m. After scripture reading and prayer by the pastor, Rev. Wallace Rogers, the following program, interspersed with most excellent music by the choir and congregation was carried out:

"Sunday schools in the nineteenth century"—Prof. J. M. Martin.

"Missionary movements of the century"—Rev. Wallace Rogers.

"Epworth League in the nineteenth century"—Prof. Wilber Colvin.

"Women's Foreign Missionary"—Mrs. B. P. Gaillard.

Supplemental talk on mission, Dr. N. F. Howard.

Intermission for refreshments.

Address, Col. W. E. Price. Just at the close of Col. Price's talk, as the hands of the clock both pointed to twelve, the congregation was called to prayer, being led by Dr. N. F. Howard. Thus watching out the old century and watching in the new with a prayer for God's guidance and benediction. This meeting was very interesting, and everybody went away feeling benefited.

We are informed that president Steward of the N. G. A. College, had a paper prepared on the growth of educational interests for the past century but was deprived of presenting it for the want of time.
N. F. HOWARD.

Every man who is obliged to work for a living should make it a point to lay up a little money for that "rainy day" which we are all liable to encounter when least expected. The best way to do this is to open an account with a savings bank. Accumulated money is always safe; it is always ready to use when needed. Scrape together \$5, make your deposit, receive your bank book, and then resolve to deposit a given sum at least once a month. Nobody knows without trying it how easy a thing it is to save money when an account with a bank has been opened. With an account a man feels a desire to enlarge his deposit, it gives him lessons in frugality and economy, warns him from habits of extravagance and is the very best guard in the world against intemperance, dissipation and vice.

A novel strike took place in the National, Striking Company, at Granite City, Ill. It seems that Ella Schraeder, a pretty girl of 19, was caught kissing a young man. Both were employees, and both were discharged. Forty other girls and half that number of young men held an indignation meeting and resolved that the dismissal of the kissing pair was an outrage, and that no capitalist could suppress seduction. It was stated that Miss Schraeder and the young man were "keeping company" and were perhaps engaged to be married. The boss was requested to reinstate the pair. He refused. All in favor of kissing promptly quit, and this meant nearly all the employees. The town is with the kissers.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by The Matthew's drug store.

HAS FAITH

In the Nugget and Confidence In the Dahlonega Mines.

One of our subscribers of Pontiac, Mich., in renewing his subscription, last week says:

"I do not like to lose your paper even one week. I like it. I believe that it tells the truth every time."

Your criticism in mining notes of March 25th is worth a year's subscription to the paper, and we hope they will be, headed by the manager of the mines. I believe with you that a mine should be run upon the same business principles, that one would run their individual business. When that is done the mines of Dahlonega will pay the smaller stockholders."

We are glad to state that a move is on foot now to improve the condition of things at the Consolidated mines. R. C. Thomson, secretary and treasurer, who has the general management of the operations in the absence of Mr. Breymann, informed us that he has ordered all drills run by the air compressor to be removed where ore is being taken out and hand drilling done, so as to keep all grease away from the ore, the gold in which has been lost in some manner heretofore, and if the trouble lies here it will be used under the machines we suppose. If we understand it is done in the west so as to keep the ore free from all grease."

We are informed that within a few weeks, after the annual meeting of the company in May, many changes will take place which will be of benefit to the company and the country at large. The company, as well as all others engaged in mining here, have our best wishes.

An exchange says: "The printing press has made presidents, killed poets and furnished bustles for beauties. It has extorted the power of kings, converted bankers into paupers and graded pantry shelves. It has made paupers out of college presidents; it has educated the homeless and robbed the philosopher of his reason. It smiles and dies, but it can't be run to suit everybody and the man will go crazy who tries."

James M. Ziegler of Pittsburg has purchased 47 acres of land near Temple, this county, on which there is a thick growth of chestnut sprouts. He will graft the sprouts with 12,000 English chestnut sprigs. He says they will be matured in six years, when the product will realize him about \$150 per acre annually.—Philadelphia Public Ledger.

Mr. A. N. Asbury has our thanks for a fine display of ores from Lumpkin county. The collection contains ore that assays from \$10.00 to \$900.00 per ton. One small nugget shows the precious metal standing out on the white dirt, like drops of bronze paint. The ore found in our streets here looks very much like some of those from the Dahlonega mines.—Advocate Democrat.

The Best Remedy for Rheumatism.

Quick Relief From Pain.
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by The Matthew's drug store.

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure.

If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes. Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If each bottle will feed for one month, it is a great saving. Ask your druggist for Scott's Emulsion of Cod Liver Oil. 40445 Pearl Street, New York.

It is a great saving. Ask your druggist for Scott's Emulsion of Cod Liver Oil. 40445 Pearl Street, New York.

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of nature. She owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI

strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Carr, German, Mich.: "When I conceived my first child I was hardly able to walk across the house. Two weeks after I walked but a mile, and yet my strength returned. When my second child was born I suffered with labor pains 24 hours, and yet I came home in a week and was able to walk. After using the Wine during pregnancy this time, I gave birth last month to a baby 6 lbs. and was in labor only two hours, with but little pain, and I have plenty of milk. For full and complete information in my hands I thank God and Wine of Cardui."

For advice in cases requiring special directions, ask your druggist, "The Ladies' Advisor Department," The Chamberlain Medicine Co., Chattanooga, Tenn.

THE NUGGET.

DAHLONEGA, APRIL 12, 1901.

Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

General "Tige" Anderson died in Anniston, Ala., on the 4th.

There are between 8,000 and 10,000 tax defaulters in Fulton county, the majority being negroes.

It is alleged that the shortage in the commissary department in Manila aggregates \$185,000.

H. M. Ellison for the third time has given up the editorial chair of the Blue Ridge World. W. W. Findley does the harness.

The Acworth Post came to us last week printed in three different colors—black, green and red. A country editor who can afford to print his paper in so many different colors must be ascending the ladder of prosperity.

The small pox situation is but little changed from the statement in last week's News, those having the disease up to the present are: J. J. Whitmore, wife and 3 children, Frank Rook, Mrs. P. L. Chapman, and Newt McCarter—Folk County, Tenn., News.

The Blue Ridge World says that an effort is being made by Commissioner Stevens and Congressmen Tate to raise the quarantine between Georgia and North Carolina so that neither can have an outlet to the eastern markets, where better prices can be obtained for cattle.

Cherokee Advance: "Of the nearly one hundred veterans who ask the Confederate Soldiers' Home to provide for them not one is Cherokee. May the worthy old veterans of Cherokee ever find a home and a welcome here among their own people and friends, and when death shall come to them may their tired bodies be borne to their last resting place by those who know and respected them in life." Ditto with Lumpkin county.

R. W. Walker, of the Lumpkin mine does not put on as much style as some of the managers. He keeps a bachelors hall right on the property, so as to be convenient to his work, and ladies and gentlemen who have visited his premises say that he keeps everything—even his dish rag—as nice and clean in the kitchen as some ladies do on the day when the preacher is to come, while the furniture in the "big house" is as nicely arranged as if it had been prepared by a girl expecting her beau.

By recommendation of the board of pardons Gov. Canfield last week pardoned the ex-county school commissioner of Floyd county who was sentenced to a term of four years in the penitentiary for embezzlement, squandering a large amount of the people's money. This is legal but it is wrong and cheap justice. Had it been some poor hungry fellow taking fifty cents or a dollar with which to buy something to eat it would have been termed stealing and he would have been compelled to serve a full sentence as fixed by the court. This commissioner had been a very popular politician at one time who may become useful again.

Easter was very cold, so much so that but one gentleman donned a straw hat and less than half a dozen ladies wore their white dresses and spring hats. Most of the people here had an eye to comfort instead of style. Our friend Cicero Wallace got him a white suit, thinking that every other man would do likewise, which he donned Easter morning, but instead of coming to town he went off down the branch on a calf hunt. As to ourselves we were an overcoat until noon when we slid our feet under the table and assisted in devouring a big fat turkey, thinking of the deaths and changes that had occurred right here in Dahlonega since partaking of our last turkey only a few months ago.

The Electric Railway.

There are no new development in the Electric Railway. The rainy weather has driven the surveyors from the field. The people here are deeply interested in this enterprise and are free to say that it is worth more to Gainesville and Dahlonega than can now be estimated. The application for charter is now being printed in the Eagle and the Dahlonega papers, and the promoters of the enterprise are in deed earnest.

Of course we have the skeptical among us. They are ever present. The time is certainly not far distant when Gainesville will have an electric street railway and the first company that builds will reap the reward. A street system with lines running to the factories is what any corporation would like to have a few years hence. This company is fully aware of that fact.—Eagle

It will be seen from the foregoing that the people of Gainesville are now more in favor of railway connection with Dahlonega than they have been. Had they been just half as enthusiastic twenty years ago as they are now the cars would have been running from that city long ago. When Col. Price had his road on foot they didn't give him the hearty co-operation they ought to have done for fear that a railroad to Dahlonega would be an injury to Gainesville. So afraid were some of them of this that they backed down after subscribing money to the road, and would not pay a cent, thereby ditching the enterprise and leaving Col. Price with the "bag to hold" which crippled him financially for years. Now the time has come when Dahlonega is going to have a railroad and Gainesville clearly sees it, and if her citizens fail to encourage and help it the road will connect with some other place besides that city. The road to Atlanta is much preferable but the promoters of this enterprise want the quickest route that can be built for those interested see its necessity and will put the road through as early as possible.

W. A. Carlisle, Gen. Warner's chief civil engineer, arrived Tuesday.

Since then Capt. J. W. Adams came in to consult the movers in this proposed road and a private meeting was held by them Wednesday evening. Capt. Adams says that there is a chance to get the road which is to be built from Chattanooga to Augusta via. of Dahlonega, and came to lay the plans before them.

Public School

Roll of honor for month ending March 23:
Grade I.—Advanced section:—Wier Boyd, Harold Hutchins.
Grade III.—Francis Stanton, Ora McKee, Willie Wallace, Mattie Craig.
Grade IV.—Pearl Anderson, Isabelle Charters, Nina Wallace, Irene Moore, Crawford Gurley, Mary Johnson, Maud Jackson, Thomas McGee, Ida McColum.
Grade V.—Vivian Allen Lilly, Prater, Salome Davis, Nettie Woodward, Garland Strickland, Robert Moore.
Grade VI.—George M. Stanton.
Grade VII.—Eliza McAfee, Montie Moore.

Cadet Tate received the sad intelligence this week of the death of his relative, Steve Tate, a well known popular citizen of Pickens county, who left at once to attend the funeral.

SHERIFF'S SALES.

Georgia—Lumpkin County.
Will be sold, on the first Tuesday in May, 1901, at public out cry at the court house door in the city of Dahlonega, within the legal hours of sale, to the highest bidder for cash, the following property to-wit:
Lots of land numbers 900 and 990 in the 5th district and first section of said county, also lots numbers 380 and 990 in the 11th district and 1st section of said county, also lots numbers 216, 217, and 99 in the 12th district and 1st section of said county, also lots numbers 43 and 415 in the 13th district and 1st section of said county. Levied on as the property of J. W. Woodward. Also one acre more or less on which

is situated a certain corn grist mill, said one acre being lying adjoining the lands of Emiline Porter and being situated on the "Jarrard" creek and embracing the mill site and is known as the Howard Bonner shoal and mill site. Also lot of land number 907 and a three fourths (3-4) interest in and to lots numbers 989, 994, 996 and 997, all in the 11th district and 1st section of Lumpkin county. Levied on as the property of G. W. Walker, Sr. All of said land to be sold to satisfy a f. n. issued from the Superior Court of the county of Lumpkin in favor of A. D. Canfield, Governor, for the use of the officers of the court vs. Bud Walker as principal, and G. W. Walker, Sr. and J. W. Woodward as securities. This 20th day of April, 1901.

Also at the same time and place lots of land number 94, 95, 111 and 112 all in the 5th district and 1st section of Lumpkin county. Georgia. Levied upon as the property of W. J. Brown, to satisfy two f. n. issued from the Superior Court of said county, one in favor of Joseph Rider and one in favor of J. C. Clark, both of said f. n. being proceeding for the use of the officers of the Superior Court for costs. And being against the said W. J. Brown. This 21st day of April 1901.

Also at the same time and place the undivided four fifteenths (4-15) of lots of land numbers, 450, 451, 452, 453, 390, 391 and the undivided one half interest in and to 281, all in the 12th district and 1st section of Lumpkin county. Levied on as the property of Bill Brackett, J. M. Brackett and H. S. Brackett, to satisfy a f. n. issued from the Superior Court of Lumpkin County, Georgia in favor of A. D. Canfield, Governor, for the use of the officers of the court against the said Bill Brackett, as principal and J. M. Brackett and H. S. Brackett as securities. This April 21st 1901.

J. M. Davis, Sheriff.

Georgia, Lumpkin County.
Eveline Rider, widow of James H. Rider deceased, having in due form applied to the undersigned for a years support out of the estate of the deceased, and appearing having made their return to me of the same, all persons concerned are hereby required to show cause if any they can before the court of Ordinary of said county on the first Monday in May, 1901, why said application should not be granted. This 6th day of May, 1901.
JOHN HUFF, Ord'y.

CITATION.
State of Georgia, Lumpkin County.
Whereas, certain petitioners have made their application to this court praying for an order granting the establishment of a new road, commencing at or near the gate on the "Black Mountain" road near the residence of Wm. Lanes, and running by Yahola post office, W. H. Ricks and A. E. Jackson, and intersecting with the "Gensy Gap" road near the Paupers Home of said county; and, whereas, the commissioners appointed for that purpose have reviewed and marked out said contemplated road, and reported to me that said road will be of much public utility and convenience, now this is to cite and admonish all persons that on and after the 6th day of May, 1901, said new road will be granted if no cause is shown to the contrary.
Given under my hand and seal this 21st day of April, 1901.
JOHN HUFF, Ordinary
of Lumpkin county.

THE NUGGET

DAHLONEGA, APRIL 12, 1901.

There was a light frost on last Wednesday morning.

Half pint can sewing machine oil for 10c at The Matthews drug Company.

President Adams of the Consolidated and Standard Co's came in Tuesday.

Some northern gentleman from Columbus, O., came down Tuesday to take a peep at the Findley chute.

Wanted, four or five hundred dollars worth of county orders for which I will pay cash for same at a liberal discount. W. H. Jones.

It is a hard matter for a person to tell a wife lie without being caught up with. Never pretend to be a friend to a person and tell them a lie in order to try to deceive them.

After this date a small amount of local notices will be inserted at 5 cents a line for each insertion. So if you wish to try this way of advertising boil your items down and send them in.

As it was reported that Marshal Harbison had been negligent and guilty of things unbecoming an officer the council met Tuesday to investigate the matter but no charges were preferred or proof produced and the matter went by the board.

Last Sunday night while most of the people were either at the colored church or temperance meeting a certain couple had a reunion in town—smiles, kisses and embraces were on the program. It was certainly a loving affair. No damage suit of a thousand or fifteen hundred dollars will grow out of this.

We have one of the most sympathetic men in town that ever lived, surely, especially for the female sex. He hates to see some of them stay by themselves even, frequently going and "sitting up" with one when her husband is from home at night, sometimes remaining until daylight to keep the boogers from catching her.

On Tuesday last an old lady, who is highly respected by everybody, dropped into Judge Huff's office and said that she wanted to draw a pension. "Wy, madam, you are not a widow," said the ordinary. "Just as well be," said she, "because my husband is down with the rheumatism and can't work. I know he was in the army," continued the lady, "for I drew yellow corn every time but once while he was gone."

The Mireh Bros. boat sank in about five feet of water about noon Monday, just after dropping down the river half a mile, and as they pinned up ready for work. They succeeded without much trouble, in floating it next day, when they found a hole in the back end, caused by hitting an obstruction as they moved down the river backward. At the time of striking, no noticed. The boat will be at work right by the end of the week.

Steven Rice was up before Mayor Price last Monday night charged with obstructing the side walk by shoeing horses and leaving vehicles in front of his shop. The defendant produced his deed and proved by three witnesses that he had moved his shop 20 feet farther back from where the fence had been as long as the witnesses could remember, and some of them were 45 years of age, for the purpose, Mr. Rice said, that he might have ample room in front of his shop to work. The mayor contended that defendant had been encroaching on the streets, that it used to be a 90 foot street, that he could remember when the fence ran between Mr. Rice's dwelling and the gymnasium trees, on what he believed to be the original line. The court adjourned without the mayor rendering any decision and thus the matter stands for the present, but no doubt it will eventually go to the Superior Court.

Try Matthews Co's Cough syrup for your cough.

In writing anything for the Nugget make it short and sweet and to the point.

Samuel White, and old type of the Signal office some years ago, who has been in Dawsonville for some months, made us a pleasant call last Saturday.

Bob McDonald, who broke into Wier postoffice in Lumpkin county, some time ago, was found guilty last week and sentenced to two years in the penitentiary by Judge Newman. Chatten, who was with him at the time has never been captured yet.

Rev. Walker Reese, of Macon, one of the most eloquent Episcopalian ministers of Georgia, has been selected to preach the next commencement sermon of the N. G. A. College. And Rev. Walker Lewis, of Atlanta, will deliver the annual address.

Deputy sheriff Williams went down into Hall county last week and arrested Reese Robinson who is wanted here for a misdemeanor. He also arrested Tom Sallins in this county who the late grand jury said had been violating the law. Both made bonds for their appearance at the next term of the Superior Court.

The members of the M. E. Church are getting ready to spend some six or eight hundred dollars on their building so as to make it a more modern structure. An architect was here to examine the present building and give instructions last week. The roof of the old structure will be raised, additional Sunday School rooms added in front, and the whole building will be renovated.

Lumpkin county has some of the most industrious women living on the face of the globe. Once or twice a week a lady residing out in the country some six or eight miles from the city, brings a wagon load of wood drawn by an ox, doing her own driving, which she sells at from forty to fifty cents per load. She is a lone woman who has to do this kind of work for a living. Had she been raised up, like some girls are to-day, not knowing how to wash a dish, she would have been in a bad fix.

We couldn't accommodate some business men last week who wished large space in the Nugget but we hope to be able in the near future to accommodate all of those who wish to patronize us for we intend to enlarge our paper if business continues in the next few weeks like it has in the past three months. Nearly all the business men of Dahlonega advertise in the Nugget—some of them not getting as much space as they desire—giving us but little opportunity to accept work from others.

Joseph Chester died on Wednesday morning last at the age of 83. Mr. Chester came to this county from Burke county, N. C., many years ago, being among the oldest settlers of Dahlonega. He was a miller and tended Wimpy's mill 48 years. Well do we remember going to mill while a "shaver" and the kind treatment received from Uncle Joe. He was strictly honest, and an old time member of the church when no one was allowed to be in the church long unless they acted right. The deceased was liked by all who knew him and is no doubt gone to rest.

Preparations are being made to go to work on the college dormitory for young ladies at this place as soon as the architect can prepare his plans and specifications. The one selected is from Charlotte, N. C., who has just visited Dahlonega and examined the ground and looked after the matter. The building will contain 24 living rooms with all the conveniences necessary to make it comfortable and an up to date dormitory for the fair ones in every respect. A three story structure on the elevated college grounds will show off nicely. This is the second addition to the dormitory accommodations within the past two years.

Matthews Sarasprila, full pint bottle for 75c.

Mrs. Joseph Miller, of Auraria, was up to Dahlonega a short while last Saturday.

The little ones enjoyed an egg hunt on the college ground last Monday.

The finance committee of Lumpkin county completed its work last Saturday being just one week, finding everything correct.

The entertainment given at the college chapel Friday evening, although the weather was inclement, was well attended and a perfect success.

Rev. R. D. Hawkins, a leading divine of Carnesville, spent last Sunday in Dahlonega during the time filling the pulpit at the Baptist church.

Recently Miss May Wood, of Auraria, Ga., was wedded to Prof. Wilson, a teacher in the Athens Normal School. They left for Arkansas at once.

R. C. Wood, who has been spending the winter at Defunk Springs, Fla., arrived in Dahlonega this week to look after his land interests in this county.

Samuel Stanbaugh, who is interested in the Keystone mining property here spent a short time in Dahlonega last Monday looking around. He is going to erect a stamp mill in Rabun county.

The express office has been moved on the square and is looked after by E. S. Copeland, who is the telephone operator and can quickly enquire should any package get misplaced on the line, making it very convenient for the public.

When there is preaching at both churches you can always tell which minister delivers the shortest sermon, by the school boys' attendance. They have to sit very quiet with buttoned coats and buckled belts which is very unpleasant to them when a preacher stands very long, especially when it is summer time.

Hereafter the Mayor will be requested to give us the names of parties tried by him every week—students not excepted—for publication. Take warning. If you do not want your parents or sweetheart to know it, or if you are a student and don't want it known for fear of being expelled, you must think of this before you get into trouble.

Young men may think they can drink at night and no one find it out but they are mistaken. It will leak out in some way. The public will eventually find it out and then their relatives, but when it is too late. Think of those two nice young men last Saturday night, so full of liquor that it was with difficulty for either one to carry their jug. Suppose their father, mother or either one of their sisters had passed and witnessed the dreadful sight? It would have killed them almost with grief. Better stop it now before it is too late. It has gone on for some years without your parents knowing it but the dreadful news cannot be kept from their ears much longer.

We notice in nearly every town and city in Georgia except Dahlonega, the marshal and treasurer make out a libelous statement quarterly for publication. This is rarely every done here, if it is, the amount is all bulked together and reported as so much "received" and so much "paid out." The city fathers are only clerks for the citizens who have to pay in this money and ought they not to be informed where every dollar of it goes? It's theirs and the officials are only employed to handle it to the best advantage for them. Is this done? We are not hurting for a fee and in order to prove that we are not will agree to publish the reports quarterly free of charge during the remainder of the year until the city gets rich and systematized and the different funds are kept separate so as to cause the man or boys money, owing to property to be paid out for something else besides street work.

A little child of Wesley Beasley died one day last week in the upper portion of Lumpkin county of scarlet fever.

Virge Parks, whose bond was recently forfeited in the U. S. Court, charged with blockading, was carried to Atlanta last week. He made bond and will have a hearing some time in May at a special term of the court, the criminal part of the present term being over now.

Your attention is directed to the advertisement of B. R. Meaders & Sons' feed and livery stable elsewhere. Their care of stock and the manner in which they do business are too well known to the general public to receive any comment from us.

Don't fail to call on T. J. Smith next week at Brooksher's stand. He will sell you dry goods, clothing, shoes and hats, also a full line of produce at the lowest possible price, such as eggs, butter, dried apples, peaches, beans and peas. Best water ground meal. Special prices in groceries. Celestial patent flour 65 cents per quarter sack.

Next week the Superior Court convenes here and if you are not already a subscriber to the Nugget call round with a dollar and let us keep you posted on county affairs for the next twelve months. We don't care anything about "on time" subscribers. We want men who feel enough interest in their county paper to take and pay for it like they do anything else.

The colored people met at the Baptist church Sunday night and held appropriate Easter exercises. A large number of white people attended. The church was full and so was the yard. Some went to see and be seen while others were there to talk to their "spices." One low woman and her escorts actions were of such a nature as to cause them to leave when they saw the marshal coming.

One of the directors of the Consolidated Co., just after we explained in the Nugget the bad management of the mines, the extravagant prices paid for foreign labor and the cause of their not saving the gold, suggested that all the patronage of the Company be taken away from us and give to the other paper. So if we lose it our readers may know why—simply because we told the truth, as requested by some of the stockholders in the north. Of course we appreciate the patronage of any body or any company, but our lips cannot be closed by any such intimation. If a change is not made soon, and the management of the mines are not put into the hands of a practical miner at a reasonable salary, the thing will close out and the company will have no patronage for any one or any paper. It is to our interest and to the interest of all our citizens that this company do a successful business and we sincerely trust that they will, which can be done by proper management. Put such a man as Capt. Ingersoll, Jim Witt or other gentlemen whose names we could mention, in charge of this enterprise and they would soon be making the company money by first reducing the number of bosses by about half and put men at work who can tell a rock from a piece of a candle.

Unfortunate, But True.

Two arrests were made on the streets of Dahlonega for disobeying order of their good wives. One of the poor fellows was told to buy Allista Flour, the best patent on earth for the money. The other was told to get Florena Flour, the best half patent made. They disobeyed orders and bought a cheap inferior goods and paid as much for them. The consequence was the arrest.

The above brands are in your town. Ask your grocer for them. If he hasn't them request him to send to

HARRISON & BAINESS, Gainesville, Ga., Sole agents for these goods in North East Georgia.

Mining Notes.

R. W. Walker resumed work at the Lumpkin mine this week.

We understand that the run of ore from the Capps and Bowen property made on the Woodward mill turned out better than the same kind of ore did on a different mill recently.

The decayed condition of the timber has caused the Findley dam to sink so that only ten of the mill stamps can be run, but Messrs. Witt and Campbell are keeping them moving, making money.

Gen. Warner went down into the Wallace incline last Friday and removed from the vein by his own hands a large piece of ore containing many pennyweights of gold, in fact it was speckled all over with the yellow metal and a crack in it showed that the rock was held together by large pieces of gold. This vein is very rich, being next in value to the celebrated Findley chute and on the adjoining lot.

Where the rich vein was struck on the Whim Hill property recently it was 370 feet from the surface of the earth, which again is convincing proof that the gold bearing veins in this country do not decrease in size and richness as they are followed deep into the earth, but on the other hand get better and larger with few exceptions so far examined. As stated last week this property belongs to Christian Wall, of Milwaukee, Wis., who has had miners in search of the vein for some time, one prong of it only being found yet. Before the war the vein produced a former owner gold by the pound each day for some time. Such a vein as this is worth looking after.

The Hix process of saving gold is being tested thoroughly not only on ore from Lumpkin county but mine owners from every part of the union are shipping ore to Fort Wayne, Ind., in order to try it, ascertain its value and see how much of the yellow metal they have been losing. At first small tests of a few pounds were made, giving surprising results, but many feared that when it came to treating ore by the ton that it might not do so well. Then the capacity of the machinery was increased so as to treat twelve tons of ore, and a recent test of this amount gave perfect satisfaction. Quite a lot of ore from Dahlonega has been tested giving most excellent results, and no doubt this process will be in operation in Lumpkin county in the near future, as an application for a charter has already been asked for.

Ore from the Findley chute containing from twelve hundred to two thousand pennyweights of gold, much of it visible, was placed in a show case at the Union Store last Saturday evening so that all who desired might take a peep and realize what a great gold mine the Findley is, lying in about a mile and within plain view of Dahlonega belonging to the Consolidated Co., being worked under a lease by James B. Witt, until the 30th of June, which his native practical miners struck some few days ago, taking therefrom several hundred pennyweights the first week, and the vein still continues good, producing about the same amount of gold this week as it did last looking as if there is no end to it. It is a wonderful sight even to the natives as but few have ever had an opportunity of seeing any of the ore before, much less having the privilege of going down into the mine and seeing the big streak of gold in the vein by candle light with large pieces of the metal sticking out from the quartz. Nothing like the Findley chute has ever been discovered in this country before. Just think of a single vein so rich that the dust or muck from an eight inch drill hole less than a half pint, panned out three and a half dwts. We saw the gold weighed. As previously stated this vein was "lost" while R. B. King worked it 14 years ago, and much time and money has

been spent by different parties since in searching for it. For more than two hundred feet a tunnel was cut right by the side of this great vein of wealth, some places being within two inches all of whom were fruitless in their efforts until Mr. Witt put some natives in search of it recently.

We paid Crown Mountain another visit last Sunday and made a general inspection of the mill and property. We become more favorably impressed with the management of this property every time we see it, for the company bears the conspicuous impress of the three qualities absolutely indispensable to successful mining, viz: Economy, utility and technical skill. This satisfactory showing is due to the experienced management of Gen. Warner and J. F. Moore. Both of these gentlemen have made—without the flaw of a single failure—enviable records as successful Southern gold miners. Gen. Warner as a deep quartz miner is now reaping his justly earned profits from mining, milling and cyaniding the sulphide ores from his mines in Cherokee county. J. F. Moore has been engaged in hydraulic mining for over 25 years with uniform success, notwithstanding he has been handicapped like all other Southern miners by the lack of money and up to date machinery. This combination of managerial skill is especially essential to the Crown Mountain Company inasmuch as its operations embrace the two widely different methods of hydraulic-placer mining and deep quartz mining. The mining records of these gentlemen as well as the character of the work already performed under their supervision constitute the reassuring guarantee of the successful introduction in the south of modern mining upon a scale hitherto unapproached in magnitude and unexampled in profit. The daily capacity of the hydraulic-placer mining plant now being constructed will be 1,500 tons of surface and oxidized ores that will average in value over \$2.00 per ton. Instead of losing over 60 per cent of these values as has heretofore been the case in the south, the Company has procured the latest improved machinery that will save 90 per cent of the free gold at a cost not to exceed 15 cents per ton. Being reinforced by these value saving appliances Gen. Warner and Mr. Moore, with their invaluable experience, will auspiciously begin the operation of what southern miners unanimously believe to be the largest and richest hydraulic mines in the south, if not in the United States. Thus far everything points to the unqualified success of the Company; nothing to its failure. It has ore bodies that are unexcelled heretofore in wealth and extent and it has an economical, experienced and skillful management. It may be well to state here that this sort of management has never failed in the South to make even mediocre mines, equipped with antiquated contrivances yield good returns to operators. In consideration of the high class management, exceptionally rich ore bodies, and modern machinery it would be much more hazardous to predict the failure of the Crown Mountain enterprise than it would be to predict the total failure of the farmer's crop. It is as certain as anything can be in human affairs that the Crown Mountain stockholders will receive dividends even as the farmer reaps his annual crops. If the improved machinery yield the results predicted for it, the profits of the Company will be enormous. But if no greater savings of gold be made than heretofore has been by the primitive contraptions of southern miners, then, and even in that event, the profits of the Company will largely exceed the prevailing rate of interest now paid for money in the north. Profits will be made. Their size, however, is the only question in doubt and this can only be definitely determined by actual operation.

This is from the Clarksville Record which we cheerfully endorse: The alternative Road Law giving commissioners of roads, Ordinaries or such other officer as has charge of county matters of each county in this state, the sole right to lay out, open, change or discontinue public roads, is a good law for this portion of the state at least. There are roads in our county that with but little changes would evade a lot of hard pulling and shorten distance with no injury to the land owners, which ought to be seen after at once.

The Best blood Purifier.

The blood is constantly purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at The Matthews' drug store.

In Minnesota a law has been enacted making it a misdemeanor for anyone to smoke a cigarette in that state.

Caught a Dreadful Cold.

Marion Kooke, manages for F. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by The Matthews' drug store.

Gold Prospected by F. V. MOORE, Dahlonega, Ga. Terms reasonable. References: Any old miner here.

THE CROWN MOUNTAIN GOLD Mining & Milling Co.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonega district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continued mining operations and the irrefutable guarantee of the permanent and increasing value of the stock of "The Crown Mountain Co."

The projectors of this company were the first to see the mining interest in this district in 1890. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonega and vicinity have taken stock in this company than have in all the other companies combined that have organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directory is for the most part composed of men who have had much experience in the mining enterprises, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe.

The capitalization of the company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other justly celebrated mines in the district, but the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Until further notice of advance in prices, the stock of this company will be sold at the minimum rate of \$50.00 per share. For further information apply to J. F. or J. H. Moore, Dahlonega, Ga., or Donovan & McCabe, 10 & 12 West Spring Street, Columbus, Ohio, or Gen. Warner, Marietta, Ohio.

Jealousy causes two Chicago women to fight a duel the other day. They stepped out with pistols like men. One of them received two bullets and may die.

Gov. Candler is going to turn his attention to something besides politics when his time is out.

Another proposition from a party recently, wishing to join us and assist in running the NEGRO. We desire to go it alone a while longer. It is hard for us to please ourselves, and we feel confident that no one else could do so.

SEVEN RUNNING SORES CURED

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA is a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly-nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring-time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerves, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAIN with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virtually the different structures of the body, but many times the bones are honey-combed and destroyed. It often seizes out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA.

William D. Davis, Brockton, Mass., Oct. 21, 1894. Gentlemen:—In April last I began using JOHNSTON'S SARSAPARILLA for Blood Poison, caused by an amputation of one of my arms. I had SEVEN RUNNING SORES on my legs. I used two bottles and was entirely cured. I had cured me. Yours truly, W. D. DAVIS.

APPLICATION FOR CHARTER.

GEORGIA—Lumpkin County.
To the Secretary of the State of Georgia:

The petition of J. F. Moore, W. A. Charters, W. J. Worley, H. D. Gurley and R. H. Baker, residents of Dahlonega, Lumpkin County, Georgia, and H. H. Deane, Z. T. Castleberry, E. Evans, Howard Thompson and M. C. Brown, residents of Gainesville, Hall County, Georgia, sheweth:

(1) That they desire to form a Railroad corporation to be known as "Gainesville and Dahlonega Electric Railway Company."

(2) The Railroad of said Company is to be about twenty-five miles in length; the general direction of said road will be from Dahlonega in a southeasterly direction to Gainesville, Georgia, with an extension running from Gainesville, Georgia, to the site of what is known as the "Vesta Mills" and to New Holland in said county of Hall.

(3) The said road will run through Hall and Lumpkin counties, Georgia, and from the principal places from which and to which it is to be constructed in Dahlonega, Georgia, and Gainesville, Georgia.

(4) The amount of the proposed capital stock of said Company is five hundred thousand (500,000) dollars to be divided into shares of one hundred (100) dollars each, all of the said capital stock to consist of common stock.

(5) The number of years this corporation is to continue is one hundred and one.

(6) The place where its principal office is to be located, is Dahlonega, Georgia, with such branch offices as the stockholders may from time to time elect to establish.

(7) Petitioners do intend in good faith to go forward, without delay, to secure subscriptions to the capital stock and to construct, equip, maintain and operate said railroad.

Wherefore they pray that they be incorporated, together with their associates and successors, under the laws of this State and they show that they have given four weeks notice of their intention to apply for charter by publication of this petition in the Dahlonega Nugget and Dahlonega Signal and Gainesville Eagle, being the newspapers in which sheweth advertisements are published for said counties respectively, once a week for four weeks before the filing of this petition.

This March 28th, 1901.

APPLICATION FOR CHARTER.

GEORGIA—Lumpkin County.

To the Superior Court of said

County:

The petition of A. J. Warner,

Marietta, Ohio, W. A. Carlisle, of Ma-

rietta, Ohio, and J. F. Moore, of said

county of Lumpkin, respectfully

sheweth:

1. That they desire for themselves,

their associates and assigns,

to become incorporated under the

name and style of

"North Georgia Electric Company."

2. The term for which they desire to

be incorporated is twenty years with

the privilege of renewal at the end of

that time.

3. The capital stock of the corpora-

tion is to be fifty thousand dollars,

divided into shares of one hundred dol-

lars each, and petitioners desire the

right to increase said capital stock

to a sum not exceeding two hundred

and fifty thousand dollars.

4. They desire the right to commence

business when ten per cent of the cap-

ital stock shall have been subscribed

and actually paid in.

5. The object of the proposed corpora-

tion is pecuniary profit and gain to its

stockholders; and petitioners desire

that said corporation be invested with

power to do a general electric business,

to contract for the building and equip-

ping of electric railroads and street

railways, to establish and maintain

electric plants, to sell and furnish elec-

tric light and electric power to munici-

pals and private corporations and to

the public at large; to establish and

maintain water works for the purpose

of selling and supplying municipalities

and persons with water for manufac-

turing, mining, sanitary, drinking and

other purposes; to buy and sell elec-

tric supplies, equipments and utensils;

to carry on the business of a contractor

and to do construction work in the

building of railroads, factories, mills

or other works; to buy and sell real

estate, and to exercise the usual

powers and to do all usual, necessary

proper acts which pertain to and may

be connected with the business of a

construction company.

6. They desire the right to contract

for, lease, buy and hold such real es-

tate as may be useful or proper in the

conduct of their business, and to sell,

lease, mortgage or otherwise dispose

of or encumber the same; to issue bonds,

notes or other evidences of indebted-

ness in the interests of the corporation

may require.

7. They desire, as such corporation to

have the right to sue and be sued to

have and use a common seal; to make

and prescribe such regulations and by-

laws for its government as may be

needed or proper and not contrary to

law; to constitute and elect a Board

of Directors and such officers as may

be usual and as may be prescribed

by such by-laws; and they further desire

all general powers and privileges which

may be conferred upon and are inci-

dent incorporations of said state of

Georgia which are hereinafter chartered

by the Superior Court.

8. The principal office of said corpora-

tion shall be at Dahlonega, Georgia; and

petitioners desire the right to estab-

lish and maintain such branch office

as the stockholders of said corporation

may elect to establish.

Wherefore petitioners pray that they

be incorporated under the name and

style aforesaid and that a charter be

granted them conferring the rights,

privileges and powers herein set forth.

PAUSE & CHARTER.

Petitioners Attorneys,

Filed in office March 25, 1901.

J. H. MOORE, C. S. C.

GEORGIA—Lumpkin County:

J. J. H. Moore, Clerk of the Superior

Court for said county, do certify that

the foregoing copy of the original peti-

tion for incorporation of "North Georgia

Electric Company," as the same

appears of file in said office.

Witness my official signature this

March 25, 1901.

last will of John Simmons.

N. G. A. C. Commencement Speakers.

The following students have been elected by the Faculty of the North Georgia Agricultural College to represent their respective classes at commencement exercises the first week in June:

J. W. West, Vera, Ga., of senior class was selected to represent the college on University day at Athens.

Speakers for Junior class exercises:—Augustus Byers, Price, Ga.; J. H. Byers, Price; J. C. Barnes, Stinson; W. O. Fleming, Bainbridge; P. J. Horton, Winder; H. B. Howard, Cusseta; G. W. McCloskey, Blackwell; J. M. Sturr, Roscoe; Miss Marie Gaillard, Dahlonega.

Sophomore class speakers:—J. R. Berry, Griffin; Miss Jennie Byers, Price; N. W. Grant, Clarksville; John L. Hasty, Canton; C. E. Martin, Perry; H. B. Nunnally, Monroe; R. P. Nunn, Mitchell; A. C. Thomas, Gainesville; R. C. Wood, Critt; Miss Cora Wheelchel, Price.

Freshman speakers:—W. T. Baldwin, Madison; Miss Cora Byers, Price; Miss Bertie Castleberry, and Miss Lizzie Castleberry, Dahlonega; W. F. Chamblee, Bufington; J. K. Felker, Monroe; J. R. Henley, Jasper; W. H. Lumpkin, Forney; R. E. Smith, Greeley; D. A. Moore, Dahlonega.

Sub Freshman class A:—J. F. Broach, Campton; R. A. Byers, Price; D. D. Belcher, Millan; J. H. Craig, Anderson; S. C. E. B. Digby, Digby; W. T. Edwards, Oxford; G. W. Harben, June; W. J. Laney, Atlanta; G. T. Rowe, Dublin; W. T. Townsend, Jasper.

Sub Freshman class B:—Miss Mable Grimes, White Plains; T. M. McAfee, Dahlonega; Jerome Pope, Wildwood; J. L. Rackley, Mt. Vernon; Jamison Scaife, Camilla; W. F. Thomas, Dawsonville; H. L. Williams, Centerville; Ralph Walsh, Lincolnton; H. H. Hinton, Athens; Miss Carrie Earbison, Dahlonega.

Seeking Indian Brides.

Letters from points beyond the Indian Territory from parties seeking Indian brides continue to be received by the officials at Muskogee, Ind. Ter. The latest was received by Post master H. T. Estes, from Oksa, N. D., and was accompanied by a photograph. It said:

"The inclosed photograph is one of a locomotive engine man, Lachlor, thirty-four years, weight 190 pounds. Physical condition perfect. Will go before any board of medical examiners. At present employed on one of the largest systems in the Northwest. Have been through country some years ago. Can you put me in communication with some good Indian girl? One with some education preferred."—Dallas (Tex.) News.

The Best Remedy for Rheumatism.

Quick Relief From Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. E. Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by The Matthews' drug store.

"Until the present method of selecting the judiciary of Georgia is changed, it will be worse than useless for our judges to wear gowns. They will be covered with mud when the next primary comes around." The foregoing true statement is made by the Monroe Advertiser.

One of our exchanges desires Superior Court Judges to wear gowns like U. S. Supreme Court Judges. It makes no difference to us whether they wear gowns or sit in their shirt sleeves, just so they don't tip the glass as often and create such a stir as was witnessed in the Georgia legislature a few years ago.

An exchange is responsible for the following: At a revival meeting in Kenton, Ok., a man arose and said that he was the wickedest man in the town. "I'd go to hell if I should die to night," he concluded. Immediately an old deacon started the hymn, "If you get there before I do look out for me, I'm coming too." And then the deacon wondered why everybody laughed.

Water Street has been opened out through Captain Hall and Ingersoll's lots and now a person can drive a carriage through all right until they undertake to reach Main Street. They first strike the hog pound, then the public closet and next a ten or twelve foot wall without any steps to ascend it. Is there any other place that has a hog pound and a public closet in any of its streets except Dahlonega?

We notice that the stores with the politest merchants and clerks catches larger amount of the female trade. They like politeness. We know of one in particular who will change dresses, put on a corset and hat and go past many others to a certain one if she only wants a spool of thread, while on the other hand she can afford to wear a common every day dress when having business at other stores. But we regret to say that at some of the most polite places in town a lady having an old style bonnet visiting them rarely ever sees the top of a clerks head. When if one appears with a neat hat and a stylish dress every clerks derby in the house is at once removed from the head and tossed under the counter. This causes ladies desiring special attention too much trouble in rigging up every time they go out shopping in Dahlonega, or courting, as the case may be.

There is a certain merchant doing business in Lumpkin county who can neither read or write but still he keeps his own accounts and you can't cheat him out of any thing. He uses marks and character. For instance if a map gets a piece of cheese he makes a round mark on a book, and if it is half a pound he makes a mark just half way across it and if it is a pound he makes a full line. The other day he had a customer who had been running an account with him for some time who desired his account called off. The merchant commenced and named everything until he came to a round mark and two lines in it. "Two pounds of cheese," said the merchant. "It's a mistake," responded the customer. "I never got any cheese here." After studying the merchant remembered that it was two boxes of axle grease 20 cents. The figures were correct but he had made two marks by a slip of his pencil.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by The Matthews' drug store.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, inexpressible taste will surprise you. SCOTT'S EMULSION, Chemists, 109 N. 3rd St. New York.

Use and place: all druggists.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal convulsions. That female troubles are killing graveyards prove this. Wine of Cardui establishes a regular and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pains menstrual periods from long time, was nervous, had no appetite, and lost interest in everything. Life was miserable. I have taken four bottles of Wine of Cardui with Theodore's Black Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address: The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.

CITY TAX NOTICE.

Notice is hereby given that the city

tax book will be opened the 16th inst.,

THE NUGGET.

DAHLONEGA, APRIL 19, 1901.

Entered at the Dahlonega, Ga., P. O., as Second Class Matter.

H. J. Tharpe, of Macon, was sent to the lunatic asylum the other day for stealing money from a man's pocket, instead of the chain gang.

Mrs. Nation, the Kansas "smash" who had to take another ride to the station house last week in the Black Maria, and then was given her choice to pay \$300 or leave the city.

At Independence Mo., the other night after prayer meeting the negroes told their pastor and his wife out after services and regulated them with barrel staves. This is no southern outrage.

Many of the country editors have already mentioned their choice for Georgia's next Governor. A ample time for this yet. Better keep your readers posted on matters of more importance now which interests the public generally. Help do something that will build up the country and when the time comes some good man will be ready and waiting to occupy the gubernatorial chair with honor and distinction.

The general assembly legislated until they gutted the treasury almost causing Gov. Chandler to have to go to New York and borrow \$200,000, to try to meet the appropriations made by this body, which will still leave a deficiency and it can't be told which will have to do without their money—the school teachers or widows. The treasurer intimates that he prefers the Supreme Court to decide the matter before he pays any of the funds out.

Two physicians, Drs. Alley and Latham seemed to be the most attractive defendants at White Superior Court last week. Dr. Latham had taken on too much tea at Mossy Creek camp ground, who was fined \$40 and cost, and Dr. Alley liked a woman so well that a small fine at a former term of the court failed to cause him to cease his frequent visits to her house and this time he was told that he would have to pay \$250 and costs for his conduct. The woman was fined only \$40 and costs, both of which were promptly paid but Dr. Latham got on another spree and went off without knowing what amount was charged up to him.

A gentleman remarked the other day that a gold mine was a private enterprise and it was no one's business how they were run or what their owners made. This is a mistake. The entire people are interested, because if one is improperly managed it gives the whole country a black eye. The laws of Georgia go so far as to make it a misdemeanor for any person failing to report his production of gold to the ordinary but still this law thus far has never been complied with. The farmer is compelled to make a report of every bushel of grain he produces. In fact all tax payers have to tell how much money they own and it is spread upon the records for the inspection of everybody.

Some of the Georgia counties are being supplied with a free mail delivery, with carriers who pass through the country to certain points and supply the people with stamps, envelopes and postal cards, and also registered letters and furnish postoffice money orders, which makes a traveling postoffice. Lumpkin county certainly needs something of this kind or an improvement on her present sorry system. Here we have a postoffice, in our county called Walnut at the foot of the Blue Ridge about 19 miles from Dahlonega and it takes a letter or paper from Friday till Tuesday directed to that place to reach its destination. It first goes down to Gainesville, then up the railroad to Lula and then via Cleveland, near 75 miles travel.

RICH GOLD MINE.

The Discovery of the Findley Chute Setting the People Wild.

Dahlonega, Ga., a mining camp situated up here among the mountains is all excitement, and has been so for the past few days, over the fact that the Findley chute, about which so much has been written and said, has finally after being lost for fourteen years again been found. The Findley chute is the richest vein that has ever been discovered in this country. It was in the year 1858 that a prospector, named Charles Duncan while prospecting on Findley Hill, a high eminence overlooking the town of Dahlonega, struck a "color" near the apex of the hill. He followed the lead and soon ran into a very rich streak of ore in the soft slate. He interested with him a man named Findley, after whom the hill was named. Duncan and Findley went to work with a vein and after working the vein down about thirty feet were able to show in many thousands dollars worth of gold nuggets. It is stated that in their first days work they took out four thousand poundweights of gold. The vein was worked by numerous others, and every one who touched the chute became comfortably rich. One man in particular, a Mr. King who worked the chute the last time, made so much money that he went west and started a bank in the city of Denver, Colorado. After King ceased working the chute it mysteriously disappeared, or in other words no one was able to find it. For fourteen years numerous attempts have been made to locate the hidden treasure but to no avail. In the year 1888 the property came into the possession of the Dahlonega Consolidated Gold Mining Company—an organization of northern capitalists, who are at present running one of the largest stamp mills in the world in this place. For the past two years several miners have attempted to find the lost chute, but were unsuccessful, and quit with depleted pocket books and a great deal more experience than when they started. Finally some few months ago a lease on the Findley was given to Messrs. Witt & Campbell, two practical miners of this place. They went to work, but after a time Campbell became discouraged and quit. Witt with a determination most commendable however kept steadily at work, but he became discouraged, and finally told his workman that they could put in one more shot and if that did not blow into the gold to pull out their tools and give up the job. The last shot was put in and the result was the discovery of a vein perfectly spotted with bright golden nuggets. In fact the long lost Findley chute had been discovered and that by mere chance. For the past two weeks Mr. Witt has been busily engaged in taking out the gold from the pay streak, which is about one foot wide, the vein proper being all the way from five to 100 feet wide. He during ten days work took out 325 pounds of the ore, and conservative miners state that the ore will run about \$15 per pound. At this rate the 325 pounds would amount in the neighborhood of \$5,000. The ore taken out is fairly seamed and studded with gold and coarse gold at that. Numerous pieces of rock taken out are so full of gold that the quartz is held together with the gold. Mr. Witt is of course the hero of the place and he is being congratulated on all sides. His lucky strike will make him a rich man, although his lease is of short duration, extending only until June 1st. He expects however between this time and that to take out many thousands dollars of the precious metal.

The Dahlonega Consolidated Gold Mining Company who own this property are making arrangements to go to work actively on the development of the chute and property just as soon as Mr. Witt's lease expires. They have in this property a bonanza, which for richness cannot be surpassed in any part of the world. It is the intention of the Company to run a tunnel in at the base of the mountain and thus intersect and cut the chute several hundred feet lower down. In this way they will be able to take out the entire vein, the value outside of the one foot of rich or running all the way from \$25 to \$100 per ton. There will be thousands of tons of this ore that can be mined and treated as the Company see fit. It is estimated that in the present out put of gold continues down as rich to a depth of 700 feet as it has from the top to the present depth, 250 feet that the Company will be able to take out about \$1,500,000 in gold. This of itself is a big fortune. The truth of the matter is that the Consolidated Company has one of the greatest bonanzas in this mine in the world. Every stockholder should assiduously hold on to his stock. It will soon be worth many times what they paid for it.

President J. W. Adams of the Consolidated has had shipped to the north a large amount of the ore and he will astonish the people with the sight of so much gold, in its native state. This gold will be placed on exhibition at Columbus, Toledo; Ohio, Fort Wayne, Ind., and other points. It is bound to set the people wild.

Court Proceedings.

R. W. Beck vs. Docia Beck—libel for divorce. Case dismissed. State vs. Harve Gillespie—misdemeanor. Dismissed on payment of cost.

John Baker vs. Lucinda Baker—libel for divorce, granted.

Dr. C. H. Jones vs. M. L. Anderson, Adm'r J. Teal—rule nisi granted.

Lucy Ann Head, et al. vs. Rosa Larman and J. B. Larman—complaint for land. Judgment for plaintiff.

Joannah Gillespie vs. Alex. G. Gillespie—libel for divorce. Service perfected.

Flossie Curtis vs. Floyd Curtis—libel for divorce. Service perfected.

D. M. Mauldin vs. C. E. Heals and—foreclosure of mortgage. Judgment for defendant.

Nannie L. Walker vs. M. L. Anderson, et al.—complaint for land. Judgment for plaintiff.

W. H. Early, agent, vs. Tom Sullins—tenant holding over. Judgment for defendant.

Joel T. Miller vs. G. F. Tiner—certiorari. Sustained.

Joel T. Miller vs. D. C. Dale—certiorari. Sustained.

W. J. Burt vs. B. F. Anderson, et al.—ejectment, to sale. Objections sustained.

S. B. Rogers vs. R. R. Mcaders—certiorari. Sustained.

State vs. Albert Coffee—misdemeanor. Plea of guilty.

State vs. David Mauldin—perjury. Acquitted.

State vs. Allen Stringer—misdemeanor. Acquitted.

State vs. Lon Childers—misdemeanor. Plea of guilty filed.

State vs. Bob Thomas—misdemeanor. Acquitted.

State vs. Almon Coffee—misdemeanor. Plea of guilty filed.

State vs. Parker Edmonson—bigamy. Verdict of guilty with recommendation to mercy of court, \$40 and costs.

State vs. Thomas Fry—misdemeanor. Verdict of guilty. \$25 and costs.

State vs. A. F. McDonald—misdemeanor. Verdict of guilty. \$25 and costs.

State vs. Sallie Wehant—larceny from the house. \$5 and costs.

State vs. Mill Lovelace—fornication and adultery. Acquitted.

State vs. John Teal—misdemeanor. Verdict of guilty. \$20 and costs.

Enoch Trammel vs. Mary Wofford—certiorari. Agreed to.

C. A. J. Head vs. A. Head—remitter from Supreme Court. Judgment of this court the same.

State vs. Adline Elrod—kept lewd house. Guilty.

State vs. J. M. Hutchings—assault and battery. Verdict for assault.

Charter granted Hix Process Co., which concludes the business up to going to press.

The following bonds were forfeited: Jim White, Wm. Dotson, W. E. McDonald, John Anderson, Henry Southard, Floy Henderson, Sam Teal, Reese Robinson, Mrs. Henry Seabolt.

LAND FOR SALE.
I will sell cheap for cash lot of land No. 1071 in the 11th district and first section of Lumpkin county.

ANNUAL MEETING.

The annual meeting of the stockholders of the Dahlonega Consolidated Gold Mining Company will be held at the northern office of the company in the city of Toledo, Ohio on Wednesday, May 1st, 1901 at 10 o'clock a.m. for the purpose of electing a full board of directors, and the transaction of any and all general business of the corporation as may properly come before the meeting.

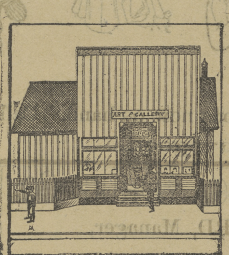

R. C. THOMSON, Secretary.
Election Notice.
Georgia, Lumpkin County.
Office of Ordinary.
To the qualified voters of said county: Whereas a vacancy has occurred in the office of Receiver of Tax Returns of said county caused by the death of Charles W. Stargel, Receiver of Tax Returns of said county, notice is hereby given that an election will be held at the various precincts of said county for the purpose of electing a Receiver of Tax Returns of said county to fill the vacancy of the unexpired term of said C. W. Stargel, deceased, on Wednesday, the 15th day of May, 1901. Said election to be held under the law in such cases made and provided. Given under my hand and official signature, this 15th day of April, 1901.

THE NUGGET.

DAHLONEGA, APRIL 18, 1901.

See land for sale in this issue.

A light frost last Tuesday morning.

Several council cases for tomorrow.

Try Matthews Co's Cough syrup for your cough.

Eulah Anderson is making some additional improvements on his city property near the jail.

If you have anything that will be of interest to the public, will it be too much trouble for you to tell us about it?

A home made bustle made of bran was picked up on the public square the other morning. As there was no name on it the finder carried it home and fed it to his cow.

The many new subscribers and renewals this week is very encouraging to us. It clearly demonstrates that they are pleased with the NUGGET otherwise they would not take it.

Our old friend Hattie Huff, of Cleveland, paid us not only a pleasant but a beneficial visit last Monday. Hattie says that work will be resumed at the Longstreet mine about the first of May.

The mail route from Dahlonega to Stay, Ga., some few miles above the city, has been awarded to John L. Edge and is now a free delivery route to all persons on the line who put up boxes on the road. It makes three trips a week—Tuesdays, Thursdays and Fridays, commencing the 23rd inst.

Last Sunday at the M. E. church pastor Wallace said that he would appoint a committee of ladies to go round and invite members who had not been attending services for some time to come now, that all the help asked for had been subscribed and paid in and they could attend without any danger of being asked for money.

Wm. Coley pleaded guilty last Saturday night before the mayor of disorderly conduct and was fined two dollars and cost. The "disorderly" conduct consisted in picking up his pistol and having George Edwards and Marvin Redmond to get out of his room Sunday before last who had played foot ball with his stove until they kicked it over, so we are told. The mayor asked Mr. Coley if he wanted to make a case against them and he replied that he wasn't made that way.

Quite an interesting trial took place at Straight Gap church, near the foot of the mountain last Saturday. The party being Joe Nath Wilkins, who was charged with having two small sweethearts, some of whom he had made slight remarks about, causing all the members of the church, both male and female, old and young to be on hand to hear the great story. The proof was so strong that they wouldn't forgive him as is the custom in church trials but cast him out, although he proposed to get down on his knees to them. It made no difference, they shoved him off and Nathan is now nothing more than a common sinner with out any church screen.

Mrs. Mollie Sexton and her two sons, residing in Frogtown district, were arrested this week on the charge of stealing chickens from old Mrs. Howard who resides in the same locality. Officers started to town with the prisoners but they only reached here with Mrs. Sexton, the two boys having made their escape on the way. On the night the chickens were missing, a search was made at the residence of the defendants. A covered pot was found on the fire and when they were asked what was in the pot one of the boys replied that it was some eggs, but an examination proved it to be a big fat chicken, and besides this a sack containing chicken feathers was found about the premises having blood on it and three other dressed chickens.

See Ordinary's notice elsewhere of an election for tax receiver.

Half pint can sowing machine oil for 10c at The Matthews Drug Company.

Services will be held at the usual hour next Sunday at the Presbyterian church.

F. L. Reese requests that the one borrowing his World Almanac will please return it.

Whenever we can't get one dollar for the NUGGET we will quit the newspaper business.

Joseph C. Davis, after bringing his family to this county a short time ago, returned to the west.

W. J. Burt says that he is going to sell out his business at Bortsboro and commence traveling.

Notice.—J. N. DuPree is now ready to do any kind of tin work, making and repairing guttering, etc.

A little child of Fate Wilkins died in Yahoola district a few days ago, which was interred at Mt. Pisgach cemetery.

Dr. Wheeler is now in Augusta attending the Southern Medical Association and expects to return Saturday afternoon.

Lark Walker, of this county, while ditching some days ago, found a rattler three and a half feet long, full of music and activity.

The other night while some one was amusing themselves by shooting promiscuously one of the balls passed through Henry Whitaker's door.

Rial Stancell, an old citizen of Chestatee district, was buried at Mt. Pisgach church last Monday. He was about 86 years of age and was one among the first settlers of this county.

W. G. McNeely, was up this week canvassing the city in the interest of the Atlanta Journal, a paper which is always read with much interest and great pleasure in these parts.

We notice that a Union county farmer brought quite a lot of nice last years cabbage to Dahlonega on Monday which he received three cents a pound. On what a great county the red hills of Northeast Georgia are. This is the garden spot of the world.

It may be that Grace postoffice in this county will be discontinued, since old "Uncle" Tom Stringer, the postmaster died some days ago, unless some neighbor takes it close by. It had been kept by this old gentleman ever since it was established—about 14 years ago.

W. H. C. Tate has been appointed postmaster of Dahlonega, who will likely take charge of the same about the first of July. J. E. Tate, his son, will be the assistant. Mr. Tate informed us upon enquiry that the office will still be kept in the courthouse provided he can get the place now occupied by Judge Brittain.

Scott Stringer still keeps up the spring fights in the eastern portion of the county, the last one being with Green McDougall, occurring last Friday at his store. Scott hit his antagonist with a weight, after which they bited, both being bruised up considerably before they were separated. Scott didn't come out so well as he did in his former fight, not having the same hold we suppose is the cause.

We noticed last Monday Uncle Mart Edmonson and Uncle Wash Adams, two of the first gold miners of this county in Dahlonega. Old age and hard toil cause them to be unable to get about much, although Uncle Mart still spends about two hours in the mines each day yet. If a person had what gold these miners have dug they would scarcely speak to one of the Vanderbills, were they any ways proud. Uncle Wash was one among the number who discovered the celebrated Boley Field's vein many years ago which was so rich. Although many fruitless searches have been made by different parties, this old gentleman thinks that he could strike it yet.

Do you wish your paper continued? If so either send or bring the money.

The predictions of the NUGGET in referring to some business matters are coming true.

In list of commencement speakers on first page is should be R. E. Ward instead of R. C. Wood.

A fellow was in the city drunk the other day hunting a minister to preach his mothers funeral.

Some new students have been added to the Dahlonega college roll within the past few days.

The fishing season is about here and much time will be lost on the banks of the various streams by lovers of this kind of sport.

The NUGGETS for Auraria made a trip across the mountain last Friday and didn't return and reach their destination until Tuesday.

We are requested to state that Rev. Thomas Robinson will preach the funeral of Mrs. Rutha Loggins at Auraria Baptist church on the first Sunday in May.

Last Friday was Justices Court day. Several cases were disposed of and a lot of household goods sold belonging to Geo. McWaters who left for other parts some time ago without settling his accounts.

Because other papers make incorrect statements about the rail road, mining and other matters you need not think that the NUGGET follows their example, for it is not to our interest nor to the peoples to do so, and we are certain not to do a thing in this manner to injure ourselves.

It seems that West Langerfelt of Dawson county likes blockading better than anything else. Time and again he has been before the commissioner here, who now has several cases booked against him in the U. S. court in Atlanta, and again one day last week he was brought in by Marshal Grizzle and bound over.

Mothers should not let their children catch them kissing one of their sweethearts, for it soon reaches the ears of the "sons of rest" at the court house, from there to the public generally, causing lots of the old brothers and sisters to wish that they were young again and shocks ye editors modesty.

Bony Tank, of Auraria, has been to Dahlonega this week, and while here looked as dry as a powder horse, for he said that he could get nothing but soda water and Peruna. The first being too weak and the latter too dangerous. Bony said that he tried a bottle of Peruna in Gainesville as a "tonic" once and had to lay up three days at a hotel under the treatment of a physician, thinking that every moment would be the last.

We notice that Mayor Price has notified the Gainesville mail carrier not to bring up any more express packages of liquor to Dahlonega, by what authority we do not know. But there is one thing that we do know and that is this, one of the present members of the council is selling intoxicating stuff that is doing more damage in Dahlonega than any of the rye liquors being brought here. It damages health and reduces the contents of the pocket book quicker than any kind of rye or corn liquor can possibly do.

It becomes our painful duty to chronicle the sad death of Roy C. W. Stargel, who was the present tax receiver of Lumpkin county, which occurred at his home a few miles from Dahlonega on Wednesday last at about noon. The deceased had been lingering with the grip and other troubles for some time, but it was thought the morning before his death that he was better and might get well, but soon a change took place and he was called to reap his reward in that beautiful world on high. He was born and reared in this county and was a good christian, great advocate of temperance or anything else having a tendency to build up society. Thus it can truly be said that another good, kind hearted citizen is gone.

College stationary at J. F. Moores.

Matthews Sarsaparilla, full pint bottle for 75 cents.

Jim Franklin hit Mrs. Sissum with a rock last Tuesday.

Marshal Grizzle destroyed a big still up in Chestatee district this week.

Judge Huff had to borrow \$500 this week to meet court expenses.

J. M. Brookshire was elected foreman of the grand jury last Monday.

Gen. P. W. Hardin, of Louisville, Ky., was among the visitors registered at the Dahlonega Hotel this week.

Gordon Smith was locked up by Marshal Harbison Wednesday for being most too noisy while having on a considerable amount of tea.

Superintendent James Hughes, of the Betz mine, was in Dahlonega last Tuesday, who stated that their clean up for February was 4,440 dwts.

John W. Baker, who secured a divorce last Monday, was married to Miss Annie Sissum by Squire Worley within a few hours afterwards.

City Marshal Harbison says the present ordinance requires the hog pounds to be fifty-two and a half feet square. So govern yourselves accordingly.

Some colored people by the name of Clartell woke up Wednesday morning before day and found their eight months old child dead which had been sick.

A wild turkey was killed out near Wash Christy's last Sunday by a certain fellow. Better be careful about killing turkeys at this season of the year, especially on Sunday.

T. S. Littlefield moved to Dahlonega this week. He and J. E. Tate have formed a copartnership in the mercantile business, which will be run at the Tate stand by Mr. Littlefield.

One night this week while bailiff Jim Wheeler was sleeping out at the jail one of the female prisoners through a mistake was getting into the wrong bed which scared Jim so that he yelled like a panther.

If you want any more of those small photos made at the City Gallery you are requested by Photographer Davidson to have same made at an early date as they will be stopped sometime before commencement.

G. P. Quino, agent for the great southern newspaper—Atlanta Constitution—spent a few days in our city last week, during which time he called down to see us. Mr. Quino used to run the Rockdale Banner and is perfectly familiar with the trials, troubles and great tribulations of a country editor.

A family by the name of Moore living in a tent beyond Crane's Hill lost their two year old child Tuesday. The parents are sickly, very poor and in a bad fix, but a goodly number of our citizens came to their relief by making liberal contributions and the child was buried by the county.

On Wednesday after Tom Fry had his trial and was found guilty of malicious mischief while down at Jack Townsends one night recently during his absence, Jack jumped on him for a fight and they went at it and several licks were passed before they were separated, resulting in Jack's face being bruised up a little, who was locked up till he made bond.

It seems that Harris Postell is having a hard time of it. Only a few days ago he was carried to Fannin county charged with stealing, and this week another true bill was returned against him for stealing some clothing in this county and the defendant was sent for. Harris is worth a good deal of money to the officers of both Fannin and Lumpkin counties, but very expensive to the public. A bill was returned against Harris at the last term of court for this same offense but it got lost.

Mining Notes.

As little as you have thought about it under that one thousand citizens in the north own mining stock in Lumpkin county.

A car load of ore from the Doghead vein was shipped last week by the Consolidated Co. to Port Wayne, Ind., to be put through the Hix process. This is a rich, large vein, showing much gold and there is plenty more where this came from, the yellow metal still being visible in the vein where they left off.

Mr. Ashley says that it will take him about a month to saw what lumber it requires for another larger dredge boat, than the present one now in the Chestatee river. The lumber will be prepared right on the ground by two men, old style of sawing, which requires more time but Mr. Ashley says he can get better lumber in this way and just the kind he wants.

In all probability work will be resumed at the Briar Patch property at an early day. The option which Dr. Cravens has on it at a certain price expires on the 26th inst., and if he fails to take it other parties are ready to buy it at the same figures. Prospecting has been kept up on this property ever since it shut down and the openings show up well. Some misunderstanding arose between interested parties is why operations were suspended.

The Crown Mountain Company will hold its annual meeting at Dahlonega on the first day of May. The work of this company is being pushed vigorously forward and the outlook is very bright. So abundant is the ore that quite likely another smaller mill will be built to crush that which lies on the south side of the mountain. This is the opinion of not only the directors but of post master Brittain after going on the mountain last Friday and viewing the many veins which had been opened by the present managers. Judge Brittain went to the shaft in which he worked more than 80 years ago. At that time even by the most primitive method of mining it paid well. Judge Brittain says that Crown Mountain is one of the best mines in this whole country and with their economical management the stockholders are sure to reap a big yield.

The NUGGET is not particularly opposed to foreign labor, but dislikes to see men brought here, given fat offices at big salaries without any knowledge of mining and put in charge of our practical miners, who are compelled to go according to their instructions, knowing at the same time that it is wrong. What is the use for a boss of this kind, having no knowledge of the formation of the belt here to be put at the mouth of each shaft at a salary of from two and a half to three dollars a day whose duty it is to sit over three or four practical miners and go down two or three times a day and tell them where to drill a hole and how much powder to put in it? This is all nonsense, which has never lasted long here yet, for it bursts every one following the practice and gives the country a black eye. When starting a mine get men who understand it, just as people do when they want a well dug, a house built or clerks in a store. Get men who understand it and tell them to go, for it, giving them to understand that they have a job as long as they do their duty by working to your interest. Then you will prosper, but if you continue having a boss for every man digging three or four pot holes, or something of like character you will soon go under, damaging the whole country.

Capt. Adams, while here last week informed us upon enquiry that he was perfectly satisfied with the Hix plant. He has been giving it his attention for more than twelve months, at first he had some doubts about it, but after many tests of ores from various mining territories with good results were made he decided to give the Georgia mines a trial, who came down and got a sample of ores from various mines around Dahlonega, telling no living man where they came from and had them put through the process at the Hix plant at Port Wayne, Ind., and so excellent were the results that he repeated the trial. This time first having assays made of each sample, and the results were the same, having much more gold than by fire assay—in some instances twice as much, a portion of this being a sample from Crown Mountain, which turned out \$80 per ton when it only assayed about \$40. This is wonderful but no more strange than true. After which the capacity of the machinery was increased so at this time they can treat 30 tons per day, and with a little expense can increase it to 70 tons. The beauty of it is a small plant can be attached to any little mill at a very nominal cost considering its usefulness, and one which costs four dollars per ton by the chlorination system can be treated by the Hix process at from 80 to 85 cents per ton. Mr. Adams says that the reason his company's have not made better headway here is because he wanted to wait until he got this process in operation. The charter was granted for this purpose, this week and no doubt in the near future one of the Hix machines will be revolving near Dahlonega catching the gold instead of the Chestatee river.

Unfortunate, But True.

Two arrests were made on the streets of Dahlonega for disobeying order of their good wives. One of the poor fellows was told to buy Allista Flour, the best patent on earth for the money. The other was told to get Florena Flour, the best half patent made. They disobeyed orders and bought a cheap inferior goods and paid as much for them. The consequence was the arrest.

The above brands are in your town. Ask your grocer for them. If he hasn't them request him to send to HARRISON & BARNES, Gainesville, Ga., Sole agents for these goods in North Georgia.

When court convened last Monday Judge Estes had an extra panel of the jury drawn and commenced rushing business from the beginning. So did the grand jury. They returned four true bills the first day.

Some of our exchanges are building the Gainesville and Dahlonega electric line very fast on paper. Watch the NUGGET. It will keep you correctly posted about the proposed enterprise. We are not excited, neither do we publish every rumor made on the streets about the railroad. We go to headquarters for our information, and will give our readers anything of importance as it occurs.

The engineers commenced surveying on the Gainesville and Dahlonega electric line last Monday and it will require about a month to complete the work. We are asked every day what we think about the proposed road. In reply we will state that the road may never be built but the chances are very favorable. Gen. Warner, who is at the head of this proposed enterprise, is a railroad man. He has built several railroads on the same plan by which he proposes to build this line and we see no reason why he can't be successful in the undertaking.

Hon. S. A. Anderson, Cobb county's present representative in the legislature, paid Dahlonega a pleasant visit last week, accompanied by Mr. John Barker, of Toledo, Ohio, who has interests in Marietta and vicinity. They were escorted to the Hand mill and mines on Monday by Mr. Thomson, the secretary of the company, and last but not least, were carried to the great Findley chute where they were delighted in being shown great quantities of the sparkling metal in this celebrated vein. It is a great sight for any one to see. The next day they looked at Crown Mountain.

Cure Cold in Head.
Kermel's Chocolate Laxative Ointment, easy to take and quick to cure cold in head and sore throat.

Georgia, Lumpkin County.

We the grand jury selected chosen and sworn for the April Term 1901, Lumpkin Superior Court beg leave to make the following general presentments:

We have examined, through a committee the Justices of the Peace dockets and find them correctly kept.

We have through the finance committee examined the books of the various county officers and adopt their report as a part of our general presentments.

We have examined the jail and court house.

We find the jail in fairly good repair with some slight exceptions, but find the sanitary condition bad, and recommend that the ordinary furnish some means to convey the refuse from the closet to a convenient place on the jail lot for the scavenger cart to get it, and that the city have it carried away as often as necessary at the expense of the county, and that the present wooden trough be taken up.

We find the court house in fairly good condition except the roof which is somewhat defective and we recommend the ordinary to make the necessary repairs.

We find at the Pauper's Home, forty bushels of corn, 200 bushels of fodder, one cow and one heifer in reasonable condition, three head of hogs and two pigs. We find the farm in good condition, about half planted. The buildings in reasonably good condition and well kept. We find a good garden in a fine state of cultivation, three bushels of Irish potatoes planted and 4 bushels of sweet potatoes planted and a patch of an 1/2 of an acre to be set. We find twenty-two head of chickens. There are two inmates at the home, one woman and child.

We recommend that the fruit stand in the court house be removed at once.

We recommend that W. S. Huff be paid \$5.00 for taking evidence

in case of state vs. Thomas Fry and R. M. Brison and O. J. Lilly be paid \$7.50 for taking evidence in the Tillie Cantrell case, also recommend that John Huff, ordinary, be paid \$37.43 as per bill rendered by him, also recommend that ex-ordinary W. H. C. Tate be paid \$73.40 as per bill rendered by him.

We recommend that Robert F. Gittens be appointed Notary Public for the 831st district, G. M. to succeed Dayis M. Head, deceased, and C. R. Olam be appointed Notary Public in the 935th district, G. M. to succeed W. W. Scott, deceased, also recommend that W. G. Spencer be appointed to succeed himself in the 1551st district, G. M. also recommend Johnathan A. Hollifield be appointed in the 821st district, G. M. to succeed Peter Duncan, resigned.

We find the public roads not in as good condition as they should be and especially call attention to the following roads which we find in bad condition, viz: The public road leaving the Cooper Gap road near John Marlow and running to the Black Mountain road and about one and a half miles of the Gainesville road beginning at the Neishers ford running towards Gainesville. We recommend that the public road be changed at the following places: Leaving the original road at the foot of Brickyard Hill following the Consolidated Co's road in a southwest direction intersecting the Gainesville road at the five mile post. Also that the road leading from state road by Nimbrowll church be changed at the Lawman ford up the hollow the way the old road ran. Also that the public road be changed, turning to the left at the Castleberry bridge and running on the south side of the hill and intersecting the Dawsonville road at the first bench on the hill.

We recommend that the county build a bridge near Virge Park's on the Ellijay road and that the bridge near George W. Cochran's on Nimbrowll be repaired.

We recommend Gold G. Evans, B. R. Meaders and W. H. Jones as a committee to inspect and examine the various county offices during vacation and make report of same to the next grand jury, they to receive the same pay as jurors.

Pension list examined and approved.

In taking leave of the Court we desire to express our appreciation of the able and impartial manner in which our esteemed Judge discharges his official duties, and also extend our thanks to W. A. Charters, our Solicitor General for his able counsel and many favors extended to our body during the present term. Also extend our thanks to H. L. Coffey, our bailiff for the faithful discharge of his duties in waiting on our body.

We recommend that these presentments be published in both the Dahlonega papers, provided they

will publish them for the usual fee.

John M. Brooksher, foreman, Andrew J. Burges, Moses C. Chester, George W. Cochran, Henry S. Duckett, Gold G. Evans, Johnathan A. Hollifield, James P. Head, John W. Jones, John H. Jenkins, Robert L. London, Barrie R. Meaders, William C. Moore, William E. McDonald, Joseph H. McGee John L. Poor, Joseph Ridley, Harvey J. Stancel, John H. Summerour, Joseph B. Swancy, Josiah C. Stargel, James B. Waters, William E. Wells.

REPORT OF FINANCE COMMITTEE.
To the Honorable Grand Jury of Lumpkin County, Georgia, April Term, 1901, Lumpkin Superior Court:

We the Finance Committee selected and chosen at the December special Term 1900, submit the following report of our work for your consideration:

TAX RECEIVER—C. W. STARGEL.
We have examined the digest for 1900 and find it neatly and correctly kept, and we, in behalf of the grand jury desire to commend Receiver Stargel for the faithfulness with which he has executed his work.

We find from digest amount of general tax to be \$9,486.39
Professions..... 100.00
Polls..... 1,361.00
Total..... \$11,007.39
Of the above amount we find that the state would be entitled to general tax..... \$4,038.02
Professions..... 100.00
Polls..... 1,361.00
Total..... \$6,219.02

Amount to county: General tax..... \$4,788.87
Take ins..... 16.83
Total..... \$4,805.20

TAX COLLECTOR—JOHN F. SARGENT.

We have examined the work of the above officer and find from his settlement that he is entitled to the following:

Collected prop. tax for county \$4,788.87
Collected take ins..... 16.83
Total..... \$4,805.20

1900, Amounts paid to county treasurer as follows:

Nov. 9 paid on taxes \$ 318.03
Dec. 3 paid " " 771.31
Dec. 19 " " 1,067.77
Dec. 21 " " 1,262.32
1901:
Jan. 4 " " 158.50
" 4 " " 178.72
" 4 Pos. & stat'y 6.42
4 Insolvnt lists, allowed by court 26.31
Apr. 4 paid to treas. 77.78
" 5 " " 1.08 \$4,805.20

Total..... \$4,805.20

We find the work of collector Sargent to be correct and satisfactory both as to his settlement with the state and county, and as to the fact that he is entitled to the thanks of the citizens of the county for his faithfulness in the discharge of his duties.

COUNTY TREASURER'S OFFICE.

In our examination of ex-county B. F. Anderson's books from last court to the expiration of his term of office on January 1st, we find as follows in his settlement with the ordinary: Co. funds overdrawn \$ 12.93
Bridge funds..... 676.03

Jury funds on hand..... \$988.98
Jail funds..... \$ 374.71
Pauper funds..... 553.15
Total overdrawn..... \$1,616.84

Total on hand..... \$1,046.12
leaving a balance on hand and due the county of \$374.71, which amount has been duly turned over to county treasurer J. B. Brown. We found county treasurer B. F. Anderson's books neatly and correctly kept, and we take pleasure in commending him as a faithful and efficient officer.

COUNTY TREASURER—J. B. BROWN.

We have examined the work books of the above officer and find everything in connection with his office to be neatly and correctly kept, and all the different funds in their proper order. We find that he has received from retiring treasurer, B. F. Anderson, the following: Rec. from Ordinary..... \$37.14
Rec. from P. O. rent..... 12.00
Rec. from court house stand..... 3.00
Rec. from Ordinary Huff and borrowed of W. A. Charters..... 500.00
Rec. from J. F. Sargent..... 126.50
Rec. from T. C. Sarg. " rent for P. O. "..... 12.00

Total amount rec. \$1,121.54

Paid out as follows for which proper vouchers were exhibited:

On jury fund..... \$ 347.61
On jail fund..... 16.00
On jury fund..... 82.62
On county fund..... 338.72
On pauper fund..... 214.73

Total..... \$1,029.68
By balance..... 118.80

Total amount rec. \$1,121.54
Balance in treasury..... \$118.61

ORDINARY'S OFFICE.

We have examined the books of the ordinary's office, including minutes of ordinary, sitting for county purposes, minutes of Probate Court, both of which are correctly and neatly kept. We also examined Books of Retainers, Wills, Sales Book, Bonds, Schedular and the Order Books for the several funds of the county, and our work in the ordinary's office was principally confined to the work of ordinary John Huff, and it gives us pleasure to state that his work neatly and correctly done, and every thing in proper shape, and in connection with his duties we observed that he had been under the necessity of borrowing \$500.00 from W. A. Charters to meet the current expenses of the county.

CLERK SUPERIOR COURT.

We have examined the several books of the Clerk's office, to-wit: Minutes of Court, Execution Docket, Record of Deeds and Mortgages, Filing Docket and other books pertaining to this office, and we find them all correctly and neatly kept. The only fault we could find in the Clerk's office was not in the manner of the work in the office, but in the cramped condition of the office, due to the smallness of the room.

SHERIFF'S OFFICE.

We have examined the books and accounts of the Sheriff's office and find the same neatly and correctly kept. We find that the sum of \$225.25 has been paid the sheriff as jail fees, dining prisoners and other expenses connected with his office.

COUNTY ALMS HOUSE.

We have examined the book and papers of the above institution and as far as we could judge were correct though we did not get any report from the former superintendent, Ash.

We found that Samuel Head had taken charge of the Home on 25th January, 1901, and on examination of his work papers, etc., we found that the expense for supplies etc. amounted to \$24.61, as follows: Account of Joseph Ridley \$13.19. Account of J. E. Metcalf \$11.42. We found that the horse wagon, belonging to the Home had been sold for \$10.00 and the proceeds invested in bonds for the use of the farm. We found that the prices charged for goods by the above named merchants were in our opinion very reasonable.

OFFICE OF COUNTY SCHOOL COMMISSIONER.

We have examined the books and papers of Commissioner J. J. Seebolt and find them neatly and correctly kept. We inspected his work carefully and found his entries and vouchers all correct.

And on hand last report..... 714.50
Rec. from all sources since..... 3,707.26

Total receipts..... \$4,421.75
Paid out on prop'r vo. 3,328.75

leaving balance on hand..... \$1,093.00
All of which is respectfully submitted.

JOSEPH ALLEN,
F. M. WILLIAMS,
Committee.

Lumpkin Superior Court.

April term, 1901.

It is ordered that the foregoing presentments of the grand jury be received and spread on the minutes of court and the same be published as recommended by the grand jury.

In open court this 18th day of April, 1901.

J. B. ESTES, J. S. C.

W. A. CHARTERS, Sol. Gen'l.

Georgia, Lumpkin County:

Clerk's Office Superior Court of said County:

I, John H. Moore, Clerk of said Court, certify that the foregoing is a true and exact copy of the General Presentments of Grand Jury at April Term, 1901, as appears of record in my office. Given under my hand and seal, this April 18, 1901.

JOHN H. MOORE,
C. S. C.

The Best blood Purifier.

The blood is constantly purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do more good than a dollar's bottle of the best blood purifier. Price, 25 cents. Samples free at The Matthews' drug store.

Election Notice.

Georgia, Lumpkin County.

To the qualified voters of said county.

Whereas a vacancy has occurred in the office of Receiver of Tax Returns of said county caused by the death of Charles W. Stargel, Receiver of Tax Returns, of said county, notice is hereby given that an election will be held at the various precincts of said county for the purpose of electing a Receiver of Tax Returns of said county to fill the vacancy of the unexpired term of said C. W. Stargel, deceased, on the 15th day of May, 1901.

Said election to be held under the law in such cases made and provided. Given under my hand and official signature, this 18th day of April, 1901.

JOHN HUFF,
Ordinary.

Does the Baby Thrive

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs SCOTT'S EMULSION. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

Scott's Emulsion

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.

Should be taken in summer as well as winter.

See and get it, Oldsmar, N. Y.

SCOTT & BOWNE, New York.

Questions for Women

Are you nervous?

Are you completely exhausted?

Do you suffer every month?

If you answer "yes" to any of these questions, you have ill health.

Wine of Cardui cures. Do you appreciate what perfect health would be to you? After taking Wine of Cardui, thousands like you have realized it. Nervous strain, loss of sleep, cold or indigestion strain menstrual disorders that are not noticeable at first, but day by day steadily grow into troublesome complications. Wine of Cardui, used just before the menstrual period, will keep the female system in perfect condition. This medicine is taken quietly at home. There is nothing like it to help women enjoy good health. It costs only \$1 to test this remedy, which is endorsed by 1,000,000 cured women.

Mrs. Lena T. Frieburg, East St. Louis, Ill., says: "I am physically a new woman, by reason of my use of Wine of Cardui and Theodore's Black Draught."

In cases requiring special directions, address, giving name and address, to "Wine of Cardui," The Chattanooga Medicine Co., Chattanooga, Tenn.

G. MCGLIDE,

T. F. JACKSON,

Tax Assessors.

THE NUGGET.

DAHLONEGA, APRIL 26, 1901.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

Dawson Superior Court convenes next Monday. This is an adjourned term.

The damage by floods in the Ohio valleys within the past few days has been great.

There are numerous persons wanting to fill the vacant tax receiver's office in this county.

The colored people of Clarksville, Ga., are speaking of starting a paper to represent their interests.

The race for tax receiver in Lumpkin county will be so short that politics won't have time to warm up much.

O. M. Dobbis, a well known business man of Gainesville, Ga., committed suicide last Friday near that city in the woods with a pistol.

It turns out that ex-Gov. Bullock was the youngest person ever sworn in as Governor of Georgia, being only 34 at the time he took the oath of office.

Cobb county's treasurer, sheriff and ordinary are reported to be behind about \$14,000. If this is true they have been having a pretty fat thing of it.

The reason the NUGGET has so many northern subscribers, it keeps them posted about their mining interests here, let it be favorable or unfavorable.

The residence of E. E. Kimbrough, of Gainesville, Ga., was totally destroyed by fire Sunday morning. Mr. Kimbrough and family had scarcely time to escape from the burning building.

The damages to the cotton and fruit crops in the recent blizzard in the south is great. In some places it rained in torrents causing the streams to rise and do much damage to farms and bridges.

It was first thought the cotton crop in the south was all killed last week and no seed to replant. But it turns out that the damage is not so great as first expected. Though cotton was affected in every state in the south except Texas.

The state treasurer refuses to pay the school teachers and the matter has gone to the courts, which will end in the Supreme Court, requiring about six or seven weeks time before the needy teachers can find out when they will get their pay.

The board of prison commissioners are kept busy examining papers in behalf of parties in the chain gang or penitentiary wanting pardons. There should be no such board. The action of jurors having access to all the facts should be final.

Tax collector Wimpy has left the registration book in the ordinary's office for the accommodation of those wishing to register who have become of age or who failed to register for any other reason before the last election—those having registered for the last election are not required to do so again for the special election.

The announcement of James L. Healan appears in this issue for tax receiver of Lumpkin county. It is useless for us to consume much time in telling you about this candidate for you all know him, or that is the residents of the county do. Jim is a straight forward, honest, hard working man, who is fully competent to discharge the duties of such office if elected.

The Democratic executive committee of Lumpkin county met in the court house at Dahlonega last Wednesday at 12 o'clock and fixed the 4th day of May as the time to hold a primary for the purpose of selecting a candidate for the office of tax receiver, to be placed before the people at the election called by Ordinary Huff to take place on the 15th of May, said vacancy being caused by the death of C. W. Stargel, late tax receiver.

Jury List.

The following is the list of jurors drawn for the October term of Lumpkin Superior Court:

GRAND JURY.

Goodman McGuire, D. L. Christopher, Jacob H. Peck, E. B. Vickery, H. D. Ingersoll, R. C. Thomson, E. E. Crisson, A. W. Bariss, J. E. McGee, John B. Bougas, H. W. S. Stringer, M. L. Jones, S. H. Kanaday, J. J. Shed, W. H. C. Tate, J. W. Woodward, J. C. Brittain, Joseph McDougald, Y. G. Abercrombie, W. B. Fry, N. H. Satterfield, Daniel Davis, J. F. Head, M. W. Berry, H. D. Gurley, W. T. Dowdy, J. K. P. Lance, V. A. Higgins, T. S. Littlefield, E. D. Gaddis.

TALLES JURY.

Thomas Ash, Will Price, Lewis Rider, J. C. Walker, W. S. Grizzle, T. N. Henson, Joseph B. Duckett, Joel T. Miller, W. M. Cook, J. C. Wood, Roy John W. Rider, Homer L. Robertson, J. J. H. Martin, M. R. Williams, W. A. Justice, C. F. Waters, C. A. Anderson, John Robinson, Ben A. Wimpy, E. H. Jones, P. L. Conner, J. A. Elliott, J. H. Peck, E. L. Smith, B. R. Meaders, Alfred Huff, S. B. Carroll, J. M. Christopher, F. C. Ravan, Lonnie Pierce, Andy Lowe, A. W. Caldwell, D. J. Whitfield, Marcus Lee, Wm. J. Crane (Nimblewill), A. W. Cain.

The postponed Easter exercises will be carried out by the Juvenile Society at the M. E. church Sunday night.

The electric belt and medicine man was in Dahlonega one day during court and did well, carrying off some thirty or forty dollars from sale made on the public square. He first began by selling boxes of salve for twenty-five cents. When the money was given him he would hand it back together with the salve. Then he took out a lot of electric belts for which he offered at one dollar each finding a ready sale for them, his customers thinking that he would do like he did by the salve—gave them the belt and a dollar back, as he held the money in his hand. Some bought as many as three and when the man sold all he could he closed up his box, put the money in his pocket and moved off.

The Thornton (Tex.) News contains a tribute of respect by the Masons of that place to Mr. Samuel H. Gibson, who was born in Dahlonega, June 4, 1840, and on June 2, 1862, was married to Miss Ruth Kelly, a daughter of James Kelly, then a resident of Dahlonega. Mr. Gibson's father was Timothy H. Gibson, a former sheriff of Lumpkin county. He was a Confederate veteran, and moved to Texas in 1866. His Masonic brethren speak in highest terms of him, as an earnest Christian and zealous friend to education. He joined the Methodist church in 1872. His death will be regretted by many of our older citizens, who remember him as a young man of energy and moral courage.

FOR TAX RECEIVER.

We are authorized to announce the name of R. C. Meaders as a candidate for Tax Receiver subject to the Democratic primary to be held on the 4th day of May.

By request we announce the name of James L. Healan as a candidate for Tax Receiver of Lumpkin county subject to the democratic primary.

ANNUAL MEETING.

The annual meeting of the stockholders of the Georgia Mountain Gold Mining & Milling Co. will be held at their office in Dahlonega, Ga., on Wednesday, the 1st day of May, 1901, at 10 o'clock, a. m., for the purpose of electing a full board of directors, and the transaction of such business of the corporation as may properly come before the meeting. J. F. Moore, Sec'y.

TO DEBTORS AND CREDITORS.

Georgia—Lumpkin County. Notice is hereby given to all creditors of the estate of John Simmons, late of said county, deceased, to render in an account of their demands to the undersigned within the time prescribed by law, properly made out. And all persons indebted to said deceased are hereby requested to make immediate payment to the undersigned. This March 16, 1901.

MULLEN DAVIS, Executors, last will of John Simmons.

SHERIFF'S SALES

Georgia—Lumpkin County.

Will be sold, on the first Tuesday in May, 1901, at public sale on the court house door in the city of Dahlonega, within the legal hours of sale, to the highest bidder for cash, the following property to-wit:

Lots of land numbers 460 and 990 in the 5th district and first section of said county, also lots numbers 380 and 980 in the 11th district and 1st section of said county, also lots numbers 69, 216, and 90 in the 12th district and 1st section of said county, also lots numbers 41 and 415 in the 13th district and 1st section of said county. Levied on as the property of J. W. Woodward. Also one acre more or less on which is situated a certain corn grist mill, said one acre being lying adjoining the lands of Enidine Porter and being situated on the "Jarard" creek and embraces the mill site and is known as the Howard Bonner shoal and mill and site. Also lot of land number 907, and a three fourths (3-4) interest in and to lots numbers 908, 894, 960 and 967 all in the 11th district and 1st section of Lumpkin county. Levied on as the property of G. W. Walker, Sr. All of said land to be sold to satisfy a. f. fa. issued from the Superior Court of the county of Lumpkin in favor of A. D. Candler, Governor, for the use of the officers of the court vs. Bud J. Walker as principal, and G. W. Walker, Sr. and J. W. Woodward as securities. This the 9th day of April, 1901.

Also at the same time and place lots of land numbers 94, 95, 111 and 112 all in the 5th district and 1st section of Lumpkin county, Georgia. Levied upon as the property of W. J. Brown, to satisfy two f. fa. issued from the Superior Court of said county, one in favor of Joseph Rider and one in favor of J. C. Clark, both of said f. fa. issued proceeding for the use of the officers of the Superior Court for cost. And being against the said W. J. Brown. This the 24 day of April 1901.

Also at the same time and place the undivided four fifteenths (4-15) of lots of land numbers, 450, 451, 452, 388, 390, 391 and the undivided one-half interest in and to 381 all in the 12th district and 1st section of Lumpkin county. Levied on as the property of Bill Brackett, J. M. Brackett and H. S. Brackett, to satisfy a. f. fa. issued from the Superior Court of Lumpkin county, Georgia in favor of A. D. Candler, governor, for the use of the officers of the court against the said Bill Brackett, as principal and J. M. Brackett and H. S. Brackett as securities. This April 5th 1901.

J. M. DAVIS, Sheriff.

CITATION.

State of Georgia, Lumpkin County. Whereas, certain petitioners have made their application to this court praying for an order granting the establishment of a new road, commencing at or near the gate on the "Black Mountain" road near the residence of Wm. Lance, and running by Yakobola post office, W. H. Rieds and A. D. Jacksons, and intersecting with the "Grassy Gap" road near the Pappas Home of said county; and, whereas, commissioners appointed for that purpose have reviewed and marked out said contemplated road, and reported to me that said road will be of much public utility and convenience, now this is to cite and admonish all persons that on and after the 6th day of May, 1901, said new road will be granted if no cause is shown to the contrary.

Given under my hand and seal this the 24 day of April, 1901.

JOHN HUFF, Ordinary of Lumpkin county.

LAND FOR SALE.

I will sell cheap for cash lot of land No. 1071 in the 11th district and first section of Lumpkin county.

THE NUGGET.

DAHLONEGA, APRIL 28, 1901.

The price of eggs fell to the 10 cents notch last week.

Matthews Sarsaparilla, full pint bottle for 75 cents.

The jail is clear of prisoners for the first time in several months.

Half pint can sewing machine oil for 10c at The Matthews drug Company.

The lady losing some money tied up in a handkerchief can get it by calling on J. E. Tate.

Prof. Gaillard has been absent this week attending the Grand Chapter of Masons at Macon.

If you desire to make the race for tax receiver send in your announcement. The time is short now.

For the lack of flowers the decorating of the soldiers graves has been postponed until the 47th day of May.

W. P. Price, Jr., has purchased a machine for the purpose of having a lot of nice pressed brick manufactured.

When a man takes his county paper and pays for it promptly you can always put him down as an honest person.

"Eggs" are now being brought to Dahlonega in jugs and sold as fast as hot cakes, which smell exactly like corn liquor.

Agustus Hill, of Dawson county, was bound over by Commissioner Baker Wednesday, charged with violating the revenue law.

Jeweler McGuire has no competition now but his prices are just the same. Call on him when needing anything in his line.

A Chinaman and his wife are locating in Dahlonega for the purpose of opening out a laundry, who expect to clean and dye clothes etc.

If you or not a subscriber to this paper send in at once if you wish to keep posted every week about the mines and all other local matters.

There is a man residing in Lumpkin county 45 years of age, who always pays his state and county taxes, but never cast a single vote in his life.

Look over the advertising columns of the Nugget and you will soon be convinced that it is very popular with the merchants and business men at home.

The work of surveying the Gainesville and Dahlonega electric line is still progressing. The engineers are near Dahlonega on the Neisler Ford road.

Gen. Warner, president of the Crown Mountain Gold Mining Co. has rented the Griggs house and will locate in Dahlonega, where he can be in plain view of his mine all the time.

Mr. Glidden an Ohian, spent a day or two in the city this week in company with Mr. Jaquish of Gainesville. We understand that the former gentleman has an eye on certain mining property near Dahlonega with the intention of making a purchase. We hope that he will and trust that he will do a successful business.

W. H. C. Tate, the newly elected postmaster, made his bow and forwarded it to the department last week, together with J. E. Tate, his son, who will be his assistant. Mr. Tate will use every effort to be accommodating and give the people of Dahlonega a good system so as to make it a pleasure for both old and young to visit the office.

The other night little Ben Adams stole a pocket book containing about seven dollars from his uncle, Jeff Stancil, while sleeping with him at the Tate House. It was under Mr. Stancil's head but Ben slipped the book after he went to sleep and left the house. He was arrested the next day and put in the lock up for awhile having spent 60 cents of the money. What can be made with such boys is a mystery.

Remember the city tax book closes the 10th of next month.

Try Matthews Co's Cough syrup for your cough.

The city fathers are having the fire fronting the jail removed so that it can be traveled by vehicles.

Littlefield & Tate have formed a copartnership and opened out a full line of goods in the Tate building, where they hope to share a liberal patronage of the citizens of Dahlonega and Lumpkin county. Ad. will appear next week.

The following persons convicted at the last term of Lumpkin Superior Court were unable to pay their fines and were carried to the chain gang last Tuesday morning, to be worked by Ayers & Pike in Jackson county, to wit: Mrs. Martin Wehant, 6 months; Adline Elrod 12; John Green 12; Harris Postell 12; Parker Edmondson 12.

The ladies have postponed their part of memorial exercises but the program of the literary societies will be carried out at the college chapel to-day (Friday) beginning at 9 o'clock, a. m., by the following speakers: Jas. H. Craig, of the Phi Mu Society; S. A. Harris, Decora; Miss Lizzie Castleberry, Corona. Every body invited.

Mayor Price fined Steven Rice a dollar and cost last Monday night, who is charged with obstructing the sidewalk in front of his shop. The defendant's plea is that it belongs to him because it has never been condemned and paid for by the city. Defendant has appealed to the council and the case will be investigated by a full board on the first Monday night in May.

Your attention is directed to the announcement of R. C. Meadors to be found elsewhere, who desires the support of the voters of Lumpkin county for the office of tax receiver. Bob was born and reared in Dahlonega. His qualifications can't be questioned. Is a clever man and has many friends who will heartily assist him, in this, his first step in politics.

Representative Bruce says that when the Kiowa, Comanche and Apache reservation open up he expects to be in the "run." He was in the Oklahoma opening and likes the way a person has to get a move on them in order to secure a home. He was one of the lucky ones at that time, who remained there until he began to want to see the old red hills of Georgia. Then he sold out and came back to his native town.

Last week Mrs. Martin Wehant was convicted of being caught in the act of taking corn one night some time ago from the crib of Virgo Parks. Judge Estes placed a fine of only \$5.00 and cost on the woman, but the cost made the amount run up to more than \$4. On Monday her husband came in and proposed to sell his horse and cart for enough money to set the defendant free but Mrs. Wehant said if he did that he would have nothing to make a crop with and she preferred going to the chain gang and working out the six months sentence. So the husband complied with his wife's desire and went back home with the horse and cart, while his companion left out for the chain gang the next morning.

On Friday afternoon the blizzard struck Dahlonega and continued for more than three days, being the longest cold spell at this season of the year. We have ever experienced before. It rained, snowed and the wind blew strong, uprooting trees leveling fences and damaging barns and residences. In Hightower district pine thickets were laid as flat as if a log had been rolled over them, being in the nature of a hurricane, during which time the roof of J. N. Satterfield's house was blown off, but fortunately no one was hurt. On Sunday and Monday the mountains were white with snow, making it very unpleasant until rain commenced falling and it began moderating Monday afternoon. We had a killing frost Monday night and a light one the night following.

Floyd Duckett has moved back from Pickens county and is now a citizen of Lumpkin.

Notice.—J. N. DuPree is now ready to do any kind of tin work, making and repairing guttering, etc.

The last grand jury returned 32 true bills and 19 no bills. The majority of the true ones was the result of liquor.

While the people of Dahlonega were complaining of cold this week the snow in the Tennessee mountains was 22 inches deep.

Judge Estes paid ordinary Huff a high compliment last week for the manner in which he had arranged the interior of the court room since last term.

Owing to the crowded condition of our columns we have to make our local short and sweet and to the point giving you only the pure essence of what is going on in this section.

Notwithstanding the fact that Judge Huff has had to borrow money twice—\$500 each time—since the first of the year the treasury is empty again, that is for county purposes.

There was more business disposed of at the last term of Lumpkin Superior Court than has ever been during the same length of time. The proceeding covered about 80 pages of the clerk's minutes.

T. A. P. Tate came down last Wednesday and gave the company an option on his water power to be used for the Dahlonega & Gainesville electric line. The charter will be granted by the secretary of state to-day.

A festival was given last Friday evening at Hall's Villa by the K. of P. in honor of B. M. Young, past Chancellor, of Ohio, which was a very enjoyable occasion. Mr. Young also delivered a very interesting address in the court house the same evening.

Judging from Judge Estes remarks Mr. and Mrs. Hubbard, of Hall's Villa, certainly understand how to run a hotel. The Judge remarked several times that there was no better hotel than the Villa in Northeast Georgia—the fare being as good as man need to want.

The grand jury presentations will be found on the first page of this issue which will be read with interest by every resident of the county showing what has been done and what is still desired. Judge Huff is making arrangements to carry out the instructions of the body.

The following is the remainder of last week's Court proceedings: Sentences: Lon Childers \$10 and costs; J. M. Hutchins; \$35; Riley Dangler \$10; John Green \$50; Almon Coffee \$10; Albert Coffee \$10; Adline Elrod \$40; John Green \$50; Harris Postell \$25. The following additional bonds were forfeited: Nancy Robinson and Henry Seabolt. Acquitted: Will Cain, Manda Adams, Mary Elrod and Will Elrod—riot; Geo. Stancil—misdeameor; Mrs. Sexton, Perry Sexton and Rufus Ledford—stealing chickens, that is Mrs. Sexton was acquitted and the cases against the other two were not pressed. A. D. Candler vs. B. P. Allison, principal and Lewis Allison and W. H. Allison securities. Judgment for plaintiff.

The following truthful language is spoken by the editor of the Marietta Journal, being great food for thought, which we endorse: Every dollar sent to another town for anything that could be gotten at home, is that much taken from the material growth of your home town and contributed to the upbuilding of the other place. The local merchant is a part of the town, and contributes of his means to assist in building it up, in giving you good schools, churches, police and fire protection and in paying your taxes. Then it is nothing but fair that you should give him a share at your tax is. He is entitled to it and should have it. If you must make an order to get what you want, make it through him. He will deal as fairly with you as the fellow in the other place.

Send in and have your election tickets printed.

Col. Charters has purchased Capt. Adams' fine span of horses. J. M. Hutchins now occupies the Chapman house near Col. Prices.

Two horses and one buggy for sale cheap. Apply to B. R. Menders & Sons.

Dan Southern, the school teacher who recently assaulted one of his little girl pupils, forfeited his bond and is now in Texas. Some of his bondsmen don't own a knickknack worth of property and will not be hurt much.

The law requires druggists to keep a record of all opium, morphine or any kind of poison sold and it would surprise you to know the number of people in Dahlonega and who it is that uses opium and morphine, both males and females.

Joseph Ferguson, while assisting in hauling a heavy piece of machinery for the Crown Mountain Co. last Tuesday with ablock and tackle got one of his little fingers cut off with a rope. He had to pull his finger off in order to save his hand.

The following cases have been disposed of by the Mayor since our last issue: Bob Barker, John Anderson and Jack Townsend were each fined one dollar and cost for disorderly conduct. W. B. Wood ward, Herchel Rice, Charlie Hope and Hughes Moore, were acquitted.

Now that John Green, col., the Half Way mail carrier has gone to the chain gang postmaster Brittain has arranged with old uncle Peter Goodluck to continue it. There is not a more reliable negro in the county than old uncle Peter and the mail will be carried promptly on time without the old man having any sweethearts like John did.

Mr. Carter, a banker from Blue Ridge, Ga., spent a day or two in Dahlonega this week looking around with a view of establishing a bank. We understand that he went away very favorably impressed with the idea. A bank would be of great convenience to our business men and a benefit to others.

For the first time in our life we saw a blind man counting shingles last Tuesday from a wagon. Being John Hester of this county. While some people beg and lose so much time in coming to town trying to get a pension John makes a living at hard work. John can do most anything. He can pull fodder and walk a foot log with two judges of blockade liquor.

All the college ground is being cleared and cultivated by H. D. Gurley who has it leased, making a good size farm. If this ground was laid off into little gardens and each school boy given one to cultivate as an experiment to see how many vegetables he could raise, it would be of more beneficial exercise to them than drilling. A hoe properly used is of great deal more value than any kind of a gun.

Raffling off clocks, watches, horses, etc., has got to be a very frequent occurrence in Dahlonega, causing some to spend a good deal of unnecessary money. One student has taken eight dollars worth of chances on different things, which we understand will cause the faculty to take steps to prevent school boys from spending any more of their parents money in this manner in the future.

There will be a Bazar at the court house Saturday evening, April 27, given under the auspices of the Home Mission Society. Everybody invited. The proceeds will go toward better furnishing parsonage. Persons who have donated articles to be sold will please send them to Mrs. Hubbard at Hall's Villa not later than the 25th. Those who have donated milk etc. will please send same to the court house by 9 o'clock Saturday morning. A committee will be there to receive it. Special features for children from 4 to 7 p. m.

GEORGIA MINING.

Facts About Hydraulic Mining and Crown Mountain.

Since the opening of the Cherokee reservation during the administration of General Jackson, hydraulic and placer mining in the Dahlonega district has been a regular and profitable occupation just as farming has been the prevailing occupation of other sections.

Vast wealth has been washed out of the places in this vicinity for the enrichment of many persons prominent among whom can be mentioned Senator John C. Calhoun, S. L. M. Barlow and others. Hydraulic and placer mining has never failed to pay good profits when conducted by honest means and possessing experience. This has been the invariable rule in spite of the well known fact that every large per cent of the gold has been lost by the imperfect appliances that miners have been required to use until very recent years. Improved hydraulic mining machinery, however, is now available that will save practically all the free gold and convert into large profit that which formerly escaped into the rivers. Throughout the West—especially in the Leadville district—gravel beds that do not average 20 cents per ton are now being worked by the improved methods on a large scale and are producing handsome profits to the operators. There are placers, aprillite leads in the South incomparably richer and more accessible than those of the West. Chief among these are the Crown Mountain properties that adjoin the site formerly occupied by the second U. S. mint. Until now their high altitude foiled all efforts to bring by natural flow the water that was necessary to wash down their auriferous slopes. But by the introduction of Twentieth Century methods the 97 feet falls at the headwaters of the Chestate river have been harnessed with electrical apparatus and 1,000 horse power will be transmitted ten miles by wire to the pump on the river to the foot of Crown Mountain. These electrically driven pumps will force 1,500 gallons of water per minute to the reservoirs on the summit of the mountain to be used for cutting down and floating away the ore above the drainage. This science has at last solved the problem that has vexed and baffled our miners for 75 years in their efforts to bring the indispensable water to these rich bodies. This hydraulic-placer plant will daily work—at a cost not to exceed 15 cents per ton—1,000 tons of saprolite (auriferous) and 500 tons of hard ore that together average over \$2.00 per ton. Upon this basis the \$2,000,000 capital stock will approximately earn \$35 per annum on each \$100 share and this calculation does not include the profits to be derived from deep mining below water level.

The gold from the saprolite will be caught in the riffles of the flumes and in gravel pans. The soft quartz ores that sluice down the flume lines will work off in Huntington and roller mills while the gold from the harder and only partially oxidized ores will be saved on the amalgam plates and concentrating tables after first being crushed beneath the 300 lb. stamps of the 50 stamp mill now erected.

This is but a modern rearrangement of an unappreciated scale of the well known Southern process of mining adapted to and embracing the improved appliances that will save the large percentage of gold heretofore lost in the creeks and rivers.

Will Crown Mountain yield the large profits predicted by its promoters? In reply to this made pertinent by a stranger the other day it can be said that the native residents hereabouts have no doubt about the results. Notwithstanding more gold has been lost in the past than has been saved yet it is within the personal knowledge of the people of Dahlonega that millions of dollars worth of gold have been taken from the Barlow, the Kingston, the Hand, the Yahoola, the Singleton, the Ivey, the Lockhart, the Findley and other equally rich mines in this vicinity. Towering high above all these mines and surrounded by them on every side, Crown Mountain stands in their midst the apex and converging point of all their various gold bearing veins. Being thus the case, the center, the very heart from whence all the veins of this highly auriferous region have radiated, Crown Mountain has long been known to contain the Mother Lode of the Appalachian Range. In view of this replete position and superiority of Crown Mountain to those mines that have paid large dividends, it is the firm conviction of native residents that the profits of this new company will greatly exceed any that have heretofore been produced in this district. This conclusion is as inevitable as it is reasonable when the advantages of the company are recapitulated. It is the largest and the richest saprolite and placer fields in the South that will be worked on a scale unexampled in these regions. It has adopted the cheapest and most universally successful process of mining the world has ever known.

Mining Notes.

Jim Witt still has about a dozen miners working on the Findley chute, both day and night. The vein was not so good for a few days but is showing all right now.

Should you believe that the Nugget misrepresents any mine or its management the columns of the paper are open free of charge for any correction.

R. W. Walker, who has had a number of hands engaged in taking out a test lot of ore for some time at this mine is well pleased with the material. Gold can be seen in some of the quartz which shows that the ore is good.

Quite a large number of northern gentlemen were here last week looking at the mines, those not already interested being so well pleased that nine of them after taking stock in Crown Mountain sent down their names and money for the Nugget so as to keep posted reliably about all the mining operations.

A large force of hands are engaged by the Crown Mountain Co. at the power plant, in the mill, on the reservoir and at every other place about the mine where profitable work can be done. The machinery is coming in from the railroad as fast as wagons can haul it. Prospectors are still at work opening up new veins. Five gold bearing veins have been cut in the reservoir.

One of those useless bosses took occasion the other day to remark that he didn't see why we invited northern men here if the Georgia miners knew so much. This has been answered time and again. The Georgia miners have worked the veins profitably down to the sulphuretted ore and could go no deeper successfully for the want of means sufficient to purchase the necessary machinery to treat it successfully. And now that capitalists have made large investments in this section we don't want them to lose waist money without knowing it before it is too late. In no other country is a boss put in charge of every three or four men, and it is not necessary here—boss in some instances receiving as much as all his hands combined. This won't work long. Yes, we have invited these capitalists here and we want them to succeed, and if the proper management is used they will.

Mr. Breyman, general manager of the Consolidated Co., came in last Friday after a few weeks absence, who at once reduced the number of bosses and is starting things on a more economical basis, and still there can more be done in this direction. Work was suspended in the Mary Henry shaft some days ago. This was wise. The shaft was started by the direction of a foreigner who might have been a good miner in Western diggings but knew nothing about the formation here, resulting in them getting farther away from the vein as they advanced downward. The air compressor at the Blue Ridge will be moved down to the Barlow, and 20 stamps will be carried from the Ivey and put up and work commenced at this mine where John Huff used to clear from three to four thousand dollars a month.

Some two years ago when Western men were being brought here as bosses to show native people how to mine we alluded to what W. B. Fry said—that the Western miner didn't understand Georgia mining, neither did the Georgia miner understand the Western mines—the formation being different. The remark was mooted at by some but we guess that experience has taught them better by this time. Mr. Fry had spent much time both here and in the West and fully aware of what he was talking about. So far the natives have made better clean ups on the old fashioned mines than has been done by "experts" in places having the most modern machinery. And down at the Hand where a monthly record has been kept of each man's drilling where Western and Tennessee men have all been tried the Georgian is in the lead, and if there has been any rich discoveries made by any one except the Georgian we have not heard of it.

A plant is being erected in New Jersey to manufacture flour from sweet potatoes.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by The Mat thews' drug store.

The treasurer of Cobb county, Ga., has embezzled to the tune of \$8,000.

The Best Remedy for Rheumatism. Quick Relief From Pain.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. P. Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by The Matthew's drug store.

The Tennessee papers say that the small pox are spreading in and about Ducktown—having recently broke out in the usual district.

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by The Matthew's drug store.

THE CROWN MOUNTAIN GOLD Mining & Milling Co.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonega district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continuing mining operations and the indisputable guarantee of the permanent and increasing value of the stock of "The Crown Mountain Co."

The projectors of this company were the first to revive the mining interest in this district in 1896. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonega and vicinity have taken stock in this company than have in all the other companies combined that have organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present director, is for the most part composed of men who have had much experience in the mining enterprises, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe.

The capitalization of the company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other justly celebrated mines in the district, but the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Until further notice of advance in price, the stock of this company will be sold at the minimum rate of 50.00 per share. For further information apply to J. F. or J. H. Moore, Dahlonega, Ga., or Donovin & McCabe, 10 & 12 West Spring Street, Columbus, Ohio, or Gen. Warner, Marietta, Ohio.

SEVEN RUNNING SORES CURED

Johnston's Sarsaparilla

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA is a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as it by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring, time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAIN with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virulently the different structures of the body, but many times the bones are honey-combed and destroyed. It often seeks out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA.

Williams, Davis, Brooks & Co., Detroit, Mich., October 31, 1894. Gentlemen—In April last I began using JOHNSTON'S SARSAPARILLA for Blood Poison, caused by an amputation of one of my arms. I had SEVEN RUNNING SORES on my leg. I used two bottles and was entirely cured. I know it is what cured me. Yours truly, G. W. LUTHER, MICHIGAN DRUG COMPANY, DETROIT, MICH.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

MAKE no mistake! See that my head is on every package of LION COFFEE you buy. It guarantees its purity. No coffee is LION COFFEE unless it is in a 1 pound sealed packet with the head of a lion on the front. Then you get pure coffee—the highest grade for the money.

Watch our next advertisement.

Why has LION COFFEE

now become the leader of all package coffees? And why is it used in millions of homes?

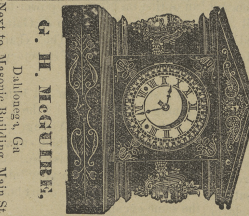

Because it does not sail under false colors. It is an absolutely clean, pure coffee. No glazing, no coating with egg mixtures or chemicals in order to hide imperfections.

Just try a package of LION COFFEE

and you will understand the reason of its popularity.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).
